ABSTRACT

(The abstract should not exceed 350 words. It should briefly summarize the essence of the paper and address the following areas).

Background:
Briefly describe the context and significance of the study, outlining the key problem or knowledge gap being addressed.

Objective:
State the main objective of the study or the problem being addressed, in language accessible to a general scientific audience.

Method:
Summarize the methodology or technological approach used to address the problem.

Results:
Present the key findings and outcomes of the study.

Conclusions:
Provide brief concluding remarks on the outcomes and discuss the translational relevance of the work and its potential clinical impact.

Keywords: 3 -5 keywords, alphabetically ordered.

Instruction:
Please name your file using the following format: [YourName]_[AbstractTitle].pdf before submission.
