HAPPY BIRTHDAY TO FAITH,YANI, AND FEYA. YOU GUYS ARE ALL AMAZING
PEOPLE!!! I HOPE YOU 3 HAVE A GREAT BIRTHDAY. -Royalwithloays

okay so i'm gonna write a message to each of you, to remind you guys how much you mean to
me. i'm gonna go by whose name alphabetically goes first, which would be faith!

@faith: dear faith, i just wanna say that you're a year older!! that's a huge accomplishment,
considering what can happen during these 365 years— congratulations! i know you're struggling
with your brother and family but i just want to let you know that we're here for you, we're
basically your family. we don't always have to be blood related! ;D anyways, i have seen you
improving and it puts a tear to my eye watching you blossom into this beautiful and strong

young lady, if anyone tells you, they're just jealous that they won't be able to obtain such talent and confidence! remember to always stand on your feet and do what YOU want!

@feya: hey honey! how's our lovely feya doing today on her special day?
let's move straight to the point, you are literally the most talented graphic designer i know, you can make designs that are basically impossible, i might as well give you the title of "Photoshop Master." you are so talented at designs! don't let your talent to waste and let rude people criticize your designs, because we all know it's amazing! setting those FACTS aside, you are such a sweet young girl, and i'm so happy your boyfriend is here to take care of you, you deserve so much <333

@yani: HAPPY HAPPY BIRTHDAY TO YOU TO YOU TODAYYYY!! okay i've been watching my little pony, don't criticize me— i watched it a lot when i was younger and it feels so nice to watch something i watched when i was quite uh small. ANYWAYS, you are such a cutie! we haven't talked a lot in the previous year, but it makes me elated when we strike up a conversation, you've been showing your passion and love— especially to kpop, specifically bts. i really enjoyed your edits, they're fantastic! but that asides, i hope you have a wonderful day!
-Mycah

i know mycah has wrote a single message to each of the birthday girls but i would also like to do the same as i think it was a really cute idea <3

faith: haaaaaaaaaaaaaaaaaapy birthday to faithhhhhhhhhhhhhhhhh! *cough* ok ill get into my message* you have been such a good friend to me and all of your other friends<3 you honestly don't know how amazing you are and how adored you are in the editing community. you are also one of the kindest and caring people i know, whenever there is an argument or an issue that needs to be sorted out, everybody knows that you would be there to fix it <3. you never give up on your dreams and girl you are SO motivational so never i repeat *never* give up on your dreams (and a big happy birthday to you hehe) <3

feya: ijqwifji happy birthday feya ;A; ok i'm just gonna say my message now. so first of all id like to skip how hecking good you are at graphic designing and just mention how kind nice caring and amazing you are you are! seriously feya i have no clue how one person could be so talented and amazing and kind and huwfhouijef just everything nice you are. you are always there when people are feeling down and you can always bring

them back up. you are also always so busy but you can manage all that stress and let it out unlike some other people i know who just keep it in and act all grumpy lol. another thing i'd like to mention is how your open about speaking. your not afraid to speak your opinion and to me that is a good thing, being honest is what makes and great person. and last but not least your designs *FEYA* holy god, hOw. your designs are so aesthetically pleasing and just are so amazing. the best thing is, is how you can actually see how much time and effort was put into it, unlike most graphic designers. your designs are so good and feya i think you need to acknowledge that more . never stop doing what you love and what you do, you are amazing for a reason edit: SO I HAVE GOTTEN TO KNOW YOU A LOT MORE SINCE I FIRST WROTE THIS UH so i just want to say how much i love our little chats? they are so fucking fun and it's so nice to just know you better and become better friends. i know there are assholes out there BUT I KNOW YOU KNOW HOW TO STAND UP TO THEM you are such a great and amazing person and i hope you know that so what they say is rUbBiSh. you are a really adorable person and i love you lots, have a great day and i hope you get spoiled (sanae and rikka are so cute together)

yani: i know that i don't know you that much but i'd like to say a huge happy birthday to you :D even though we haven't really talked 1 on 1 i still consider us friends. fun fact, i've actually been watching your edits and have been a huge fan of them even before i joined pcs. i'm sorry that i don't have that much to say, as i don't know you on the level other people do, but i'd like to get to know you better in the future . happy birthday and enjoy yourself :O -from your dear friend Claire

i all love u and happy bday #protectfaith&yani&fyuu2018 -Sam

Faith: HAPPY BIRTHDAY BESTIE!! I FREAKING LOVE YOU SO MUCH! I wanna take this moment to just be grateful for having you in my life. You means so much to me and nothing could ever change that. I'll never forget the first day we met, on youtube XD. It's so crazy and amazing at the same time that we both went from only the two of us to A BILLION! Maybe not that a lot but we did meet so many people over the world! It's a pain that I can't actually be with you in real life and do bestie goals. You're actually the first person I could really trust and rely on. BEFORE my best friends I have in real life! I admire when you and me have some funny conversations in dms even in voice xD. Thank you for being with me and accepting me for who I am for the past 2 years. To add that, thank you for helping me go through the hard times I went. I swear one day we will meet and I shall forever keep that hope. I want it to happen even tho it can be just a look and never seen again. Of course I'll freaking run to you or even jump off the car (jk jk jk/ or am I?) to give you a big hug. I will always be there for you no matter what. Nothing's gonna stop me from being with you by your side <3 I love you bestie and enjoy your birthday!

Yani: Hey, hey, hey. Its ya birthday! I'm glad that we met in faith's stream xd. I love when you're you, the yani you truly are. Keep on making people smile just from doing your stuff. To be honest, you always had made me smile. Even when i'm upset, you come here and freaking shine like a star. I hope too we will meet and go crazy like we both are xD
Anyways, I love you Yani and enjoy the day as much as you can <33

Feya: Happy birthday! Oki, so we don't talk a lot. But we did this one time and it was funny. Our conversation was favorite spongebob episodes of patrick? Not sure but I think it is xD. Thank you for making the icons and banners for the member of PCS and the studio. We truly love them. But fr tho, damn. Those are real pro skills! God blessed us with your fantastic design! I wanna take your skills tho I rather let it stay with you and spread it to the world xD. ENJOY YOUR SPECIAL DAY! -Cupcake
