Key Stage 3		Here is a video showing 10 basic stitches that could help you achieve embroidery examples like these.  Hand Embroidery for Beginners - Part 2 10 Basic Stitches HandiWorks #52	"Fashionary: The Fashion Sketchbook for Kids" by Fashionary While this book is mainly a fashion sketchbook, it includes lots of activities for students to design their own textiles and garments. It's great for young fashion enthusiasts who want to try sketching their own ideas and learning about design and fabric patterns.	Sew Over It Why visit: Sew Over It offers hands-on workshops that could be perfect for younger students who are eager to try their hand at making things with fabric. They host sewing and textile workshops designed for beginners and young crafters. What to explore: Join a beginner-friendly sewing workshop or a fabric-based craft class to create your own textile items. Location: 1E London Road, Clapham North, SW17 9JR Workshops: Look for classes designed for beginners, such as "Sewing for Kids" or family-friendly sessions.	The Embroiderers' Guild Young Embroiderers Competition Why participate: Aimed at young students interested in embroidery and textile art, this competition encourages students to showcase their skills in embroidery and textile design. Eligibility: For students under 18, with categories for younger participants, typically from age 10. Prize: Prizes and the opportunity to display work in exhibitions. How to enter: Check the Embroiderers' Guild website for competition rules and deadlines.
Key Stage 4		TEXTURAL APPLIQUE Fabric Manipulation Textiles Technique Didsbury Art Studio  Drawing in Textile Design: A Bitesize support video focusing on drawing techniques for textile design. Watch the following YouTube clip to create your own woven fabric manipulated sample without any stitching. This technique uses strips of fabric individually woven	Textile Arts: A Complete Guide for Beginners" by Dena J. Hutto Why it's great: This book is perfect for those wanting to explore various forms of textile arts like embroidery, weaving, and dyeing. It provides step-by-step instructions and is designed for younger audiences to start learning about textile techniques. What you'll learn: Embroidery, weaving, dyeing, and other textile-based arts. Ages: 12-16 years.	Victoria and Albert Museum (V&A) Location: Cromwell Road, London SW7 2RL The V&A is renowned for its textile collection, with over 200,000 items of clothing and textiles. The museum showcases everything from ancient fabrics to contemporary fashion design. The Fashion Gallery is particularly notable for its historical fashion exhibitions, and there are often rotating textile-focused exhibitions. The Fashion and Textile Museum Location: 83 Bermondsey Street,	Fashion Futures Competition Why participate: This is a global competition for young designers and textile students, focusing on creative, sustainable fashion solutions. Eligibility: The competition is generally for students aged 14-21, with a focus on fashion design, textile innovation, and sustainability. Prize: The winner receives exposure, internships, and sometimes a cash prize or design mentorship. How to enter: Check the official
