

Dialect Awareness

- 1) What variety of Arabic is this video or text in?
- 2) How do you know? Give 1-3 reasons.
- 3) Use the transcript or text to put three lines below that have features of this dialect. If they are sound differences that don't show up in writing, put this as a note.

Example:

ما الذي يجب ألا تقوله

Uses الذي instead of اللي as in most dialects, uses ألا - the أ in front of the لا

- 4) Rewrite these lines using another variety of Arabic.
