

Subject: Urgent: Vote Against the Continuing Resolution

Dear Senator [Name],

I am writing to express my strong support for your opposition to the continuing resolution recently passed by the House. This measure, while touted as a means to avoid a government shutdown, contains provisions that are deeply concerning and could have far-reaching negative consequences.

As you consider your vote, I urge you to hold firm against this resolution. It is crucial that Democrats bring the GOP to the bargaining table to negotiate a more balanced and equitable funding bill. The current proposal not only increases defense spending and enhances border security while cutting non-defense spending, but it also undermines congressional oversight and accountability.

Furthermore, I am deeply troubled by the influence of President Trump and Elon Musk's initiatives within this legislation. Their actions and policies have raised serious concerns about accountability and transparency. By voting against this resolution, you would be standing up against what many perceive as excessive executive power and potential abuses.

If we yield on this issue, we risk handing over significant leverage to those who have shown disregard for democratic norms and accountability. I believe it is essential to use our collective voice in the Senate to demand better from our government.

I expect you to show courage and leadership by voting against this resolution. Your constituents are counting on you to protect our values and ensure that any legislation passed is fair, transparent, and serves the public interest.

Thank you for your dedication to our state and to the principles of good governance.

Sincerely,

[Your Name]
