

## LM Boosters Meeting Minutes from September 10, 2018

Attendees: Keith Pantling, Darrick & Cheravon Davidson, Liza Briscoe, Amy Larkin, Chris Brown, Pat Kilgore, Ryan Oder, Angel Woods, Jeanee Cain, Karrie Gentry, & Coby Schmucker

- 1) Approved August minutes
- 2) Approved August finances
- 3) New Business Items discussed:

- **Vinkolet-** This was the first year they have ever had to cancel. Rain and parking was terrible. They rescheduled for Saturday, 9/15, and we advertised for volunteers hoping to get some spots filled.
- **PTO Food Truck Rally-** Coby tried to pass out booster brochures but it rained for the most part of the event.
- **Barnhill golf outing** reminder- Re-posted on facebook. Date is October 13, at Bellwood Country Club
- **Green & Gold Gala-** Angel present to discuss. Date is 2/9/18. The date is penciled in but Cheravon has not written a check for it yet. Looking for suggestions for themes- 80's was a suggestion. If anyone has others, let Angel Woods know. We discussed possibly having a green screen for the pictures so photographer can superimpose the background for larger groups. Keith will also look into seeing if he can get any donations from some of our uniform sponsors.
- **Banners-** We discussed the banners; where to move & which banners are expiring. For example, Cincy Kitchens has a 3 year deal ad this is the 2nd year for them. Soccer Fest banners are good for a year. Keith is looking into getting the program with more consistent begin and end dates. He is making a spreadsheet with sponsor information. Thinking will try to implement a renewal period where if you renew during a certain time period, the company gets a discount.
- **Side Effects-** Keith talked to them and they are getting poles painted & will put up scoreboard for baseball in the spring. The basketball scoreboard is ready to go.

- **BSN/Nike-** Brad T is rep; They have other brands outside of Nike (Rawlings, etc...). Creates a loyalty incentive so everyone will buy through them. The Nike thing is just to get consistent look on uniforms. Can use as an online fundraiser. Winter coaches have already been in contact with Brad to create designs, etc...
  - Coaches' uniforms- Keith may need a couple of \$100 to pay for the embroidery. They get an allotment to outfit the coaches but embroidery is not covered. He will get back to us.
- **Outside Concessions**
  - How can we get more volunteers?
  - Is it possible to get a credit card machine (internet will be a problem) or could we get an ATM machine? Amy L will look into ATM machine.
  - Fries sold better than pickles; however, there were people who liked the pickles. Coach Boulton had a good idea that worked and that was to put a sample of fries & pickles out on the table.
  - Should probably count water station money separately just to see if there is a big difference.
  - Thinking will charge \$2.00 for hot dogs (instead of \$2.50) & will sell the specials (fries & pickles) for \$2.00.
  - Tostitos cost us about .50 a bag & people were getting less. Better with us giving a handful (11/12 c per serving). Changing once we run out of bags.
  - Solutions for concessions storage- keep old freezer in softball press box for extra freezer storage. Keith got new locks for the softball garage.
  - Gary has a pepsi cooler we can use. Hot Dogs are put in the refrigerator straight from GFS. Maybe do not freeze the hamburgers either because they are difficult to cook when frozen. Deliveries are on Fridays so would be easy to leave out of freezer.
  - Chris's nephew may be interested in doing a satellite drink station for his Eagle Scout project. We would love that!!
- **VIP football parking spots-** goes into football account. Football fundraiser. We had one person write a check and give it to us last home game.
- **Team banquets-** Keith asked where teams held their banquets. He will ask the coaches about their plans for this year. Money comes out of their booster account to pay for their banquet contribution.

4) Next meeting: Monday, October 8, 2018, 7 pm, LMHS Media Center
