Pixel World Company Static Team

What we want for the team:

- A dedicated group who look forward to raiding together, and will come back for new content.
- A comfortable and respectful environment that encourages all to learn and improve.
- A team with members who like and want to play with one another.
- Research mechanics prior to going into progression raid.
- No Blame culture - give and receive constructive feedback in a friendly manner.
- Respect Loot rules: 1 raid BiS per person rotation with priority DPS then Tank & Healers.

What we are looking for from you:

- Individuals who are confident and competent with their role, and know how other jobs work to optimise together.
- Regularly check in on the static discord and spreadsheet to see the availability and announcements.
- Voice is mandatory, through discord - you can stay on mute if you prefer and type in chat.
- Be on time and allow plenty of time to inform admin if you are unable to come in order to organise a temporary replacement.
- If you plan to progress and maybe clear on the savage tier on your own, please do use an alt rather than main to respect the 2/2 loot.
- You are able to clear on PF groups, if the progress point of the current raid is below 75%.

Some General Core Static Rules:

- Please save your chests for progression and reclears days
- The gear prioritisation will be DPS -> Support
- Be patient. Most of us have busy schedules and may have some learning difficulties,
- For progression, try not to greed on damage, priority is to learn mechanics first rather than damage to continue with progression.
- Give constructive feedback rather than toxic comments - warnings will be given.
- Be LGBTQIA+, gender and race friendly.
- Days we are free will vary, as we have different schedules for jobs etc; therefore be prepared that you may miss a day of raid and likely need to PF role from time to time.
- Please update the time table as soon as you can and check from time to time if you have other upcoming schedules.

If you're interested or have any questions, send a DM with any relevant logs and experience (not mandatory). We'll look to find a time to trial as soon as possible!
