

I will respect my chromebook by always looking after it and keeping it safe.

---

What will you see me doing with my chromebook if I am looking after it and keeping it safe?

Holding my chromebook with two hands

Storing my chromebook in the cabinet

Carry my chromebook holding the sides by the keyboard

Close my chromebook gently with two hands

Leave my chromebook closed on the table

Lock my screen if I need to leave my chromebook

Walking slowly with my chromebook

Look where I am walking

Type softly on the keyboard

Keep our drinks and food away from our chromebook

If you are helping someone use your words and demonstrate on your chromebook

Line up and wait for your turn when getting your chromebook out of the cabinet

Put our chromebook on the desk before pulling out our chair
