Thanksgiving comes and goes so fast. Let's make traditions we know will last.

At my house, we start by decorating for fall, with leaves and candles shining light on the walls.

We work on a craft, together with glee, pinecones, feathers, and googley eyes, make a fabulous turkey!

Next, we bake our traditional treats. We mix pumpkin and milk into a pie that's so sweet!

We can't wait to watch the Thanksgiving Day parade, mesmerized by drums and giant balloons celebrating this day!

While dinner is cooking, the smells call our names, and we laugh at the table, playing cards and board games.

FINALLY, the time comes to gather together. We give thanks for our family and give grace to each other.

Thanksgiving comes and goes so fast, but the traditions we make will always last.
