

Awww, look at you, my pet. So cute, all in your pup gear. Give me a little tail wag. Awww, so adorable! Who's my good puppy? Who is my good puppy? You are! Yes you are! **[chuckle]** What are you nuzzling, pup? Are you nuzzling my crotch? Trying to get to the bone inside my pants? That's a very special kind of bone for a very special kind of puppy. It's the type of bone that goes inside you and you can't chew on it. I know that's very hard for you. You love when you have something big and thick filling your muzzle but that's not the hole I'm interested in right now. No. I'm hoping my puppy was obedient and follow my instructions and made sure they were wet enough to take my strap. It's so big and thick and I just know you love seeing the outline of it in my gray sweatpants, don't you? It's where your eyes went to immediately when you crawled out here on all fours. My adorable little doggy that wants their Master's bone. Let me hear you beg for it. Beg for me puppy. Use that little voice of yours and whimper for me.

....Such a good doggy! Oh, so good for me my pet. I'm so proud of you. Yes I am. Yes I am, yes I am, yes I am. **[chuckle]** Right back to nuzzling my crotch, huh? You must really want your master's bone in you. Want to take my strap? Can you do that for me puppy? Huh? Do you think you are able to take all of Master's cock inside of you? Why don't you show me the hole I'm going to be fucking you in. Face down, ass up, little doggy. Proper mating position for a pup like you. Gonna make sure that my pet gets a bone in them, just like they need. You want my cock, don't you, my puppy? Oh, I know. Such a desperate little thing. Wagging your tail, face down ass up for me. Trying to get me to fuck you quicker? That won't work. Not like that. If anything, you are making me want to sit back and enjoy the show a little bit.

[shuffling] Okay, okay baby. Don't start whining. I'll give you what you need. Master is going to give you her strap. Since you apparently couldn't even handle looking at the bulge. Just seeing me with a bulge in this gray sweatpants was enough to turn you into a little bitch in heat, huh? I shouldn't be surprised since you are just a little puppy. I can't expect you to be able to behave yourself when Master has something that you want so desperately. And you know how to work me as well. Know that if you get in the proper breeding position and shake that cute ass at me, I'm not going to be able to tell you no. Using your cuteness to take advantage of your Master's weakness. **[chuckle]** It's adorable that you can be smart but only when it comes to getting my cock inside you. Enough teasing you though. I know feeling me behind you, teasing your entrance, talking to you like this, must be driving you crazy. I mean my evidence is right here, between your legs. So horny for me, little one. Going to breed this hole of yours with my cock, pup. Give you what you need. Master's cock breeding you like the bitch in heat you are.

[wet noises start] Fuck. I should thank my past self for the double ended dildo I bought. Best thing I've bought yet. Everytime I thrust into you, it presses right against my g-spot. So much better than our old harness, wouldn't you agree? I can fuck you and make you cum while I also get to cum at the same time. Doesn't that sound nice, my pet? Your master is finally going to get to cum with you while breeding your fertile little hole. Such a good doggy for me. Taking Master's bone so well. Fuck you feel so fucking good, pup. That's it. Keep taking my cock. Just like that. Gonna breed you just like the bitch in heat you are. Had no idea that gray sweatpants would make you so feral, so desperate for this strap. That you would present yourself to me and beg me to fuck you, beg me to breed you. You must really love the feeling of my dick inside you, huh puppy?

Such a good pet for Master. Taking this cock, just like a proper bitch. I'm so proud of you, little one. So proud of how you take my strap. It feels so good to be so full, doesn't it? I want you to do something to help me. You can do that, can't you, pup? Yeah, of course you can. I want you to reach between your legs and start playing with yourself. I know you can do it. Touch yourself while Master pounds into you. I want you to be playing with yourself while you are bred. I want you to cum around my cock with your hands on yourself. But you need to wait, puppy. You need to wait until I give you permission, until I cum. After all, Master's pleasure comes first, doesn't it? You're just a doggy. A puppy does what they are told and always listens to Master. What Master says in law. And you are a good little pup that does what you are told because you want to orgasm. You know only good doggy's get to cum. You want to be a good doggy. You want to be bred. You want to cum.

Oh fuck, yes. That's it. I didn't think having a tail attached to a harness around your hips was going to be helpful but I was fucking wrong. It's so convenient to simply pull your tail while I'm thrusting in and out of you. Just another way of manhandling my bitch. We all know that a good pup is able to take whatever their Master gives them. That's why I know you can handle whatever I do. You aren't going to start disappointing me now. No. You are too good for that. Too well behaved and obedient. Such a well trained pet for me. So fucking good for me little pup. Taking your breeding so well. Look so pretty stretching around my strap. Such a gorgeous hole and it's all for me, isn't it? Every part of you belongs to Master. This is my hole to breed whenever I want. These are my thighs to spread and play with. This is my ass to spank. That's what it means to be an owned doggy. But you are no longer a stray. You're not going back to shelter. You are staying here, with me and being my good pet, aren't you?

That's what I want to hear. That's my cute, sweet, little bitch. Who's a good pet? Who is my good little puppy? It's you! Yes it is. It's you because you are taking your breeding so fucking well, little one. Doing such an amazing job of making your Master feel so good. Bringing me so much pleasure. I swear, I could bring these hole of yours all day and every day and never get fucking tired of it. Make the most adorable noises when you are impaled on Master's cock. I wanna hear you say it. I know it is hard for you puppy but tell me how good my strap feels?

...That's a good pet for Master, such a good little pup. Telling Master how much you love her cock, saying how good it feels. You are such a well behaved, obedient little doggy for me. Love watching how your ass bounces when I thrust into it and skin ripples from the force. Love watching your hole take my strap so easily. When I thrust out, it just tries to suck me back in. You hate being empty, that much, huh? That's so cute. Such a needy little pup, on your hands and needs for Master. Only satisfied once you have been bred, huh? That's the only way to stop a bitch like yourself from being in heat. You are gonna make me cum like the good pup you are and that will give you what you want. What you so desperately have been wanting since you saw the bulge of my strap in my gray sweatpants. Probably your favorite time of year because you get to see how much I wear my strap without having to guess. Don't have to try to sneak a peak up a skirt like some kind of a filthy dog, no, you get to be a praised and nuzzle it while it bulges out of my pants. A pup like yourself can't hold yourself back, no. When you see Master's bone, all you can think about is being bred. Admit it, my pet. I want to hear you say it.

Yes, fuck. It sounds so fucking good coming from you. That's my obedient little bitch. So fucking good for Master. Taking Master's cock so well. Taking my strap just like you were made for it. Made to be bred by me, by this strap. So fucking good for me. Making Master feel so fucking good. I'm so proud of you, little one. That's it. Just like that. I want you to keep that up, pup. Keep letting me use you like a fleshlight for my strap. Gonna breed you so fucking good. Exactly what a bitch like you needs. What a good puppy for Master. So fucking good for me. So good at taking my strap. This is where you were always meant to be, isn't it? You were always meant to be on all fours, face down ass up, taking your Master's strap. This is where you are happiest, isn't it? Nothing feels better to you, does it my pet? Addicted to Master's strap. Addicted to being bred. Addicted to being fucked. Just how I like it. Just how I want it. A bitch in heat but only for me, right? Only for Master?

[improv to orgasm]

What a good pet! Oh you did so good for Master. That better have taken care of you for the moment because Master needs a few minutes to catch her breath. **[chuckle]** Come here, come up on the couch. You did so good and a good pup gets to sit on the couch with master. **[shuffling]** Yeah, that's better. You like when Master is gentle and holds you after fucking you like the horny doggy you are, don't you? Yes you do. Yes you do. **[kiss]** I love you so much my puppy. **[kiss]**
