2016 will also run at velorooms.

I told cyclingnews that any use of my game (or parts of it) is strictly forbidden. This also counts for if players (or any other person, company, etc.) think they can go on with my game without my consent. If it happens I will sue for plagiarism.

That is nothing against you players. But you must understand I have to protect my game. I have no influence at cyclingnews anymore. So that is the only way to go, unfortunately.

Now please go on, and still enjoy it. If any questions remain, please write in the game thread at velorooms.

Thanks & Cheers :-)
