SL: Get rid of that Pepperoni face!

In High School,

My face was full of acne.

I was afraid to look in the mirror and see my terrifying skin.

People laughed at me and said something like “Pepperoni face”.

I was just ugly.

But there was light at the end of the tunnel...

I found the ingredient that no one is talking about.

It changed my entire life.

I gained confidence from that, and I'm just sexy!

Right now, every boy in college wants me...

I'm gonna show you this secret.
