Ok this is brief: This is a multi-phase strategy: now to the election is voter suppression - which
looks like organizing through fear and fighting disinformation, planning partisan ballot curing and
chase campaigns. Next phase: partisan ballot curing/chase, making sure the ground can keep
up the ground game Court Phase: organizing the stories and testimonies so we can challenge
voter suppression. Vote Certification: Pressing elected to actually certify the election - Plus,
keeping our orgs safer with safety and security.
