Index

[Prologue: Game Over](#) - Howl of Duty rues his many losses, and forms a plan to regain his standing.

[Chapter 1: Hard Reset](#) - A trip to a shady vendor gives Howl everything he needs, and more. A hero rises, unexpectedly even to himself...

[Chapter 2: Firin' My Laser](#) - Howl trains RageBait to show him what his new body can do, but something begins to feel off about the shepherd's tuition...

[Chapter 3: Controller](#) - Rage is confronted in the unexpected arrival of his former teammate, BeeDub, who forced him to face some dark realisations.

[Chapter 4: ID-10-T Error](#) - Trapped and alone, RageBait is left with nothing but his deactivated body and his thoughts. Can he escape, if he finds the chance?

[Chapter 5: PVE](#) - Alone and lost, RageBait tries to find refuge in the last familiar space he knew: his burger bar. But the space, and clientele, are not what he expected...

[Chapter 6: User Profile Not Found](#) - Harker is summoned to her Base Commander to report on the altercation at Superieux, where she discovers her connection to the raccoon synth is deeper than she first thought...

[Chapter 7: Cooldown Debuff](#) - A villain's respite is disturbed at TWN; the Shieldfox must once again step into action. But is she ready to face the sinister emergence of a familiar, and dead, nemesis?

[Chapter 8: Crash Report](#) - RageBait awakens in an unfamiliar space, and as he discovers his company, he faces many quiet reckonings with himself.

[Chapter 9: Search Engine](#) - The Korps team moves out to investigate the strange raccoon synth, and uncover some uncomfortable information...

[Chapter 10: De/fragmentation](#) - Carrie runs a diagnostic procedure to try and help RageBait gain some sense of stability. But what happens is not what either of them expect...
