ERCO Tree Plant

9:00 AM - 12:00 PM

@ ERCO Worldwide

Meeting Point

@ ERCO Worldwide on Wanuskewin Road Take a look at the [map](#)

About this event

Meewasin is excited to plant 800 native trees and shrubs at the ERCO Worldwide site along Wanuskewin Road, with the assistance of our Horticulture Field Coordinator, Graham. Planting native tree species is crucial for the health of our riverbanks and the entire valley ecosystem. Join us for an opportunity to plant a series of legacy trees in this important area and contribute to a greener, more vibrant future!

To ensure you have a great experience, there are a few things we'd like you to know:

1. You must be **registered** to attend this event [register here](#)
2. We will begin our tree plant at **9:00 AM** and end at **12:00 PM**. Please be **on time!**
3. This is an **outdoor experience** - Please dress for the weather and **come prepared** to be outdoors. Things like a hat, sunscreen, and proper outerwear will make your experience more enjoyable. We've got the work gloves, and the equipment we'll need for our planting!
4. Bring a full **reusable water bottle** to carry with you, **hydration is key**, but please note, **there are NO washroom facilities available on-site.**
5. Upon arrival please check in with Katie, Meewasin's volunteer coordinator at the main planting site!

Volunteer & Parking Requirements

All volunteers of all ages, both new and experienced, are encouraged to attend, no skills set required. Parking is permitted. You will drive through the main parking lot and follow the gravel road towards a gravel parking lot just across the short field from the main planting site. Please do not drive on the grass.

To Register

This event will be capped to a certain number of volunteers. To join us **register as soon as possible!**

Questions?

Email kwalls@meewasin.com or volunteer@meewasin.com or feel free to call our office **at office:**
