Our Passion For Lavazza Coffee

Lavazza Coffee began in 1895 when Luigi Lavazza opened his first store in San Tommaso, Turin. He would gather coffee from different origins from around the world, create his own blends and share them with his customers.

He was a pioneer of blending coffees from different parts of the world, and studied the origins of different plants and the coffees they would produce. His legacy has continued through four generations of entrepreneurs, and today we are left with a wide range of high quality, sustainably produced coffees that share a taste of Italy.

Today Lavazza is an environmentally conscious and sustainable business that cares a great deal about its growers and the lands its coffee comes from.

We are proud to be an exclusive supplier for Lavazza coffee, and we do our utmost to maintain Lavazza's values of quality coffee and enjoyment for his customers.

Lavazza A Modo Mio Capsules

The Lavazza A Modo Mio system allows you to enjoy the Lavazza coffee shop experience at home every day. The Lavazza A Modo Mio machines have been designed by coffee experts for you to recreate a café-like espresso all from one no-fuss capsule.

At the touch of a button you can make your own perfect-sized espresso happy in the knowledge that every single cup will be a perfect quality cup of Lavazza espresso. Lavazza Caffitaly Capsules

The Caffitaly system is an espresso pod machine system, similar to those from larger brands such as Nespresso, Lavazza and Tassimo.

Unlike the bigger brands, the Caffitaly system allows independent roasters from around the world to put their own coffee into Caffitaly capsules. This allows you a greater choice of coffee from a variety of roasters, generally at a lower price than the major brands - all without compromising on taste and choice.

These Caffitaly coffee capsules make a rich, well-balanced and medium-strong Espresso, and are made with the highest quality Arabica and Robusta beans from Fairtrade plantations, guaranteeing International Fairtrade Standards.

They are easy to use for a quick yet delicious coffee with no hassle, and are roasted and packed in Italy to ensure freshness in each capsule.

Suitable for the following machines:

- Caffitaly
- Dualit Caffitaly
- La Pavoni Caffitaly
- Löfbergs
- Gaggia Caffitaly
- Saeco Caffitaly
- Tchibo Cafissimo
