

ANNUAL REPORT 2020-2021

URVITA NGO

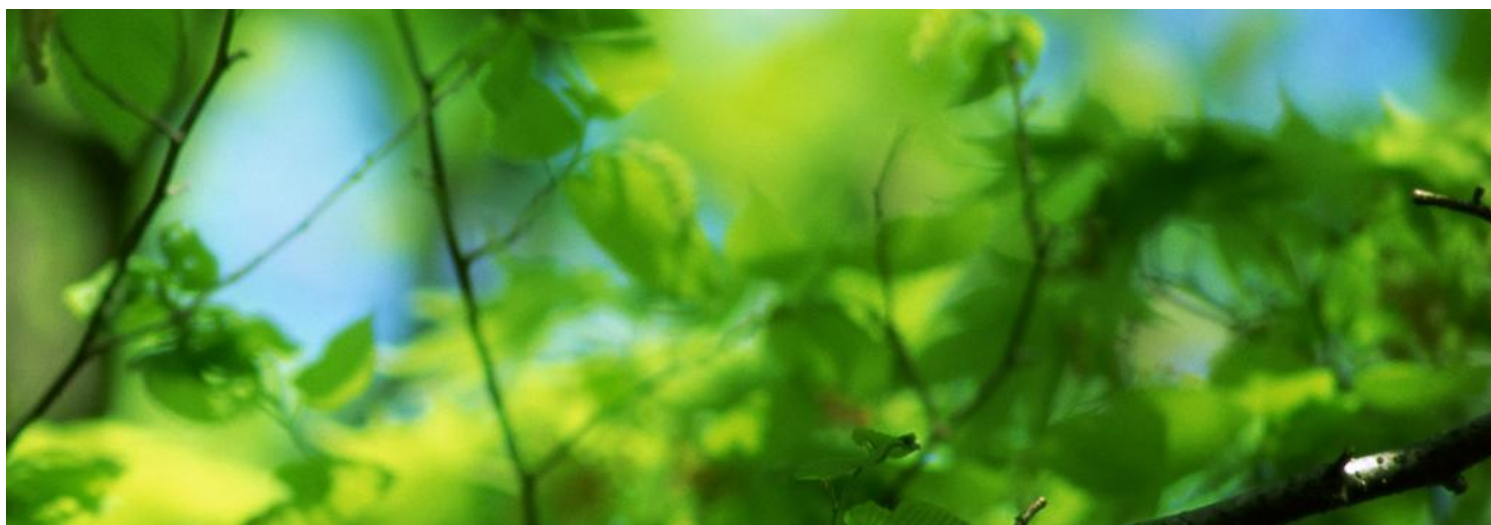

FROM THE PRESIDENT'S DESK

Dear Friends,

We have come to an end of another year working towards doing our part in developing a sustainable environment. However, we were faced with the Corona Virus outbreak which forced the nation to enter complete lockdown. We as a part of the URVITA NGO family prayed for the well-being of our humankind. To fulfil our part in helping our fellow human beings, we organized COVID-19 awareness and food distribution program. Since the world shifted to virtual platform for staying connected, we organized Eat Safe Eat Colours. The program was an online masterchef competition after which prize distribution was held. We also launched the ART 'N' BEYOND project for our survey of Paitkar paintings at Amadubi. The documentary film was posted on YouTube.

We continue to be faced with challenges amid the Corona Virus pandemic. URVITA NGO pledges to move forward with its initiative of developing a sustainable environment.

UMAPATI LAL DAS
(President)

KEY ACTIVITIES

The outbreak of COVID-19 had lead to lockdown due to which our offices were closed. However, we organized a few programs in compliance with the COVID norms of the Central and State government.

We held mask distribution drive for the needy in Chakardharpur. Hundred masks were distributed among the people. The drive was carried out successfully under able leadership of Mrs Ashima Acharya Tripathy of URVITA NGO.

COVID-19 awareness program and food distribution program for the Upper Pahar village in Paridih. Food packets were distributed for 75 families.

Online competition of Eat Safe Eat Colours was organized. The ladies participated and sent their cooking videos to us. There were two categories namely innovative and traditional food. The award ceremony was held on 22nd November, 2020 at our headquarters.

Launch of our survey project Art 'n' Beyond at Amadubi village, Dhalbhumgarh block, East Singhbhum. The survey was aimed at knowing about the ECO-Friendly Paitkar painting and the painters. A documentary film was made and floated on Youtube and other social media.
