Elementary 

3rd GRADE PRESIDENTIAL PROJECTS

This month we worked with 3rd grade at Wayside school to tape presidential speeches using the green screen. There is a green screen at every elementary school. The Green Screen by Do Ink app is user friendly and can be downloaded on an I-Phone or I-Pad. Try using the green screen to revamp a project you have done in the past.

Don't Forget about Flipgrid!

To celebrate Read Across America Day, elementary students used flipgrid to read their favorite story. Flipgrid allowed students to upload their response and also view their peers stories. Flipgrid has many uses across the curriculum and gives every student a voice. Sign up for a session with a tech coach for an introduction or refresher to Flipgrid.

TOIS 

INNOVATION NIGHT

Come one and all to our 3rd annual Innovation Night hosted at OTIS on Tuesday March 24th from 6:30 - 8:30 pm. This K-12 event is fun for the whole family. The theme of this year's I.N. is "Celebrating Our Successes." Students who have a passion project are encouraged to come and present their hard work. There will be refreshments and fun interactive stations.

HELPERBIRD

Intended for, but not limited to, students with special needs, Helperbird provides dyslexia and accessibility tools for students while using their Chromebooks. Featuring various font options, color blindness tools, translators, and screen readers, helperbird can connect students to digital content and enhance their Chromebook experience.
