Bio: Hello! I am so excited to be a part of the Futureology Team! This will be my 4th year as a counselor within CUSD. I started my career in education about 13 years ago as a teacher and moved over to the counseling side 7 years ago. I have served as the college and career coordinator for a large high school in Irvine for 3 years, UC Irvine and UC Berkeley admissions evaluator for 6 years, school counselor for 1 year, and now the college and career counselor with CUSD! I love being able to help students find their interests and future college plans. My goal is to make sure all students feel supported during this journey and know what resources are available and make their college/career exploration a fun process. When I am not working with students, I love to spend my time at the beach with my family, eating churros at Disneyland, or trying out the newest sushi spot. I look forward to working with you this year!
