## Student Jam Session

The Institute for Jazz Studies at Bellas Artes School of Music is excited to offer a monthly student jazz jam session in the western Suburbs of Chicago!

### WHAT IS IT ALL ABOUT

Jam Sessions are an integral part of the jazz tradition and offer students an opportunity to test out new ideas they are working on, get experience playing with others, develop their tune lists and get to know other musicians.

### WHAT TO EXPECT

These jam sessions will begin with some opening performances from some of our current student jazz combos as well as our faculty. Afterwards, there will be time for students to sit in with our faculty and other students. The jam session is open to the public - students do not have to be currently enrolled at Bellas Artes.
