

What do you hope to achieve by participating in NPATHS? How would you apply the knowledge and skills gained from participation in this program over the next three years?

What is a research question or topic that captivates your interest, and how do you believe research in this area can lead to transformative change in healthcare for all patients?

How does your background shape your perspective and approach to conducting research on health outcomes? Provide specific examples of how your background informs your research interests, methodology, and commitment to improving population health.

**When we amplify the voices of those at
the margins, we improve care for all.**
