

# Triton Student System (TSS) : Impact on Applications You Use

**This is a living document and will be updated regularly as decisions evolve.**

This reference guide provides the latest information about the future of applications impacted by the Triton Student System (TSS). It reflects what we currently know about which applications are staying, changing, retiring or shifting into the new system in a different form.

## About the List

This list does **not** include every application in use at UC San Diego, including the Division of Extended Studies (DES). It currently includes:

- Institution-wide (enterprise) applications, and
- A selection of key specialized applications commonly used across departments.

See the “[Contact Us](#)” section below to learn how to find out about other applications.

### LEARN MORE

For additional information and context about this list, please refer to the [Triton Student System \(TSS\): Impact on Applications You Use](#) article published on the project website.

## Applications List

| CURRENT TOOL                                         | WHAT'S HAPPENING | MORE DETAILS                                                       |
|------------------------------------------------------|------------------|--------------------------------------------------------------------|
| <b>Academic History (TritonLink)</b>                 | Retiring         | Academic history will be found directly in TSS                     |
| <b>Addresses (TritonLink)</b>                        | Retiring         | Addresses will be managed directly in “My Personal Details” in TSS |
| <b>ASSIST</b>                                        | Staying          | Transfer ASSIST will be linked from the TSS homepage               |
| <b>Authorization for Accommodation (AFA) Letters</b> | Staying          | My OSD portal will be integrated with new TSS                      |

| CURRENT TOOL                                                   | WHAT'S HAPPENING | MORE DETAILS                                                                                             |
|----------------------------------------------------------------|------------------|----------------------------------------------------------------------------------------------------------|
| <b>Blackboard TS Main</b>                                      | Staying          | Blackboard is now referred to as Transact TSE (TS Main). Functionality will remain the same              |
| <b>Blink</b>                                                   | Staying          | Remaining in current form; no integration needed                                                         |
| <b>Canvas</b>                                                  | Staying          | Canvas will shift from syncing with ISIS to TSS. DES and Main Campus to continue with separate instances |
| <b>Cascade CMS</b>                                             | Staying          | Remaining in current form; no integration needed                                                         |
| <b>Class Lists</b>                                             | Retiring         | Class lists will be found directly in TSS                                                                |
| <b>Co-Curricular Record (CCR)</b>                              | Staying          | CCR will be linked on the TSS homepage                                                                   |
| <b>Completions Plans (Kuali)</b>                               | Retiring         | Will remain through TSS launch but will be replaced by uAchieve Degree Planner                           |
| <b><a href="https://courses.ucsd.edu">courses.ucsd.edu</a></b> | Staying          | No integration with TSS; will remain in current state                                                    |
| <b>Degree Audit (uAchieve)</b>                                 | Staying          | uAchieve will integrate with TSS and will be linked on the TSS homepage                                  |

| CURRENT TOOL                                                           | WHAT'S HAPPENING | MORE DETAILS                                                                                                                                                                                                                                                                 |
|------------------------------------------------------------------------|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Undergraduate and Graduate Degree and Diploma Application (DDA)</b> | Retiring         | <p>Degree and diploma applications will be managed directly in "My Requests" in TSS.</p> <p>These shared future-state processes are still being designed. Please stay tuned to our regular communications channels (linked below) for forthcoming information about this</p> |
| <b>Direct Deposit (TritonLink)</b>                                     | Retiring         | Direct deposit will be managed directly in TSS                                                                                                                                                                                                                               |
| <b>Double Majors/Minors</b>                                            | To be determined | Potentially moved into TSS Major Minor Tool                                                                                                                                                                                                                                  |
| <b>Educational Computer Systems, Inc. (EC SI)</b>                      | Staying          | Will integrate with TSS                                                                                                                                                                                                                                                      |
| <b>eGrades</b>                                                         | Retiring         | Grades will be entered directly into TSS or by downloading from Canvas and uploading into TSS                                                                                                                                                                                |
| <b>Enrollment Authorization System (EASy)</b>                          | Retiring         | Requests will be processed in Triton Enrollment Authorization (TEA)                                                                                                                                                                                                          |
| <b>Enrollment/Waitlists</b>                                            | Retiring         | Application will be replaced by TSS                                                                                                                                                                                                                                          |

| CURRENT TOOL                                                                                                                                                    | WHAT'S HAPPENING | MORE DETAILS                                                                                                                                                            |
