

# Privacy Policy

**Last updated: October 21, 2025**

This Privacy Policy applies to the mobile application “**Dancer Spy**” developed and published by **Everun Software Developer** (“we,” “us,” or “our”).

We appreciate you taking the time to understand our privacy practices. Your trust in us is important, and we're committed to protecting your information. This policy outlines the types of data we collect, how we use it, and the choices available to you.

## 1. WHO WE ARE

**Everun Software Developer** is a small development team dedicated to creating simple and user-friendly Android apps. You can find all our apps under our official Google Play developer page:

<https://play.google.com/store/apps/developer?id=Everun+Software+Developer>

## 2. WHERE THIS PRIVACY POLICY APPLIES

This Privacy Policy governs all apps developed and operated by us under our current Google Play account. For simplicity, we refer to these apps collectively as our "Services." You can find a link to this Privacy Policy within each Service.

## 3. INFORMATION WE COLLECT

### **Sensitive Information.**

**We do not process sensitive information.**

It goes without saying, we can't help you have an awesome user experience without some information about you. We also collect information generated as you use our services, for example access logs, as well as information from third parties, like when you access our services through your GOOGLE account. If you want additional info, we go into more detail below.

## **Information you give us**

You choose to give us certain information when using our services. This includes:

- Ad SDKs in our apps may use advertisement Id, some cookies and some general information of your device for advertisement purposes. Also some SDKs may need access to read and write advertisement material in your device memory.
- Some analytics SDKs may use app usage data in our applications.
- Some analytics SDKs may use some general app usage data from your device.

## **Information collected when you use our services**

When you use our services, we collect information about which features you've used, how you've used them and the devices you use to access our services. See below for more details:

- **Usage Information**

We collect information about your activity on our services, for instance how you use them (e.g., date and time you logged in, time spent in the app, features you've been using, short input text and voice, advertising that you click on).

- **Device information**

We collect information from and about the device(s) you use to access our services, including:

- hardware and software information such as IP address, device ID and type, device-specific and apps settings and

characteristics, app crashes, app version, app name, advertising IDs (such as Google's Advertising ID, both of which are randomly generated numbers that you can reset by going into your device's settings), browser type, version and language, operating system, time zones, identifiers associated with cookies or other technologies that may uniquely identify your device or browser (e.g., IMEI/UDID and MAC address).

· information on your wireless and mobile network connection, like your service provider and signal strength.

**Application Data.** If you use our application(s), we also may collect the following information if you choose to provide us with access or permission:

· **Push Notifications.**

We may request to send you push notifications regarding your account or certain features of the application(s). If you wish to opt out from receiving these types of communications, you may turn them off in your device's settings.

This information is primarily needed to maintain the security and operation of our application(s), for troubleshooting, and for our internal analytics and reporting purposes.

## 4. COOKIES AND OTHER SIMILAR DATA COLLECTION TECHNOLOGIES

As described in above of this Privacy Policy, we sometimes work with third parties to deliver ads or offers. Sometimes we or these third parties do so through a mobile "SDK." The SDK is a bit of computer code that app developers can include in their apps to enable data to be collected and ads to be shown. We may use this and similar technology to deliver certain advertising through mobile applications and browsers based on data associated with your mobile device, and we may work with third parties who likewise embed their SDKs into our services, for third party advertising.

If you'd like to opt-out from having ads tailored to you in this way on your mobile device, please follow the instructions below.

If you wish to opt out of interest-based cross-application tracking through your mobile device, you can do so through your device "settings", as follows (but please note that the below is for informational purposes only, Google, or other device platforms may change the manner in which their "opt out" settings work at any time): Please note that if you opt out through these settings, you will continue to receive advertising after you opt-out, but it may not be tailored to your interests. For instance, that advertising may be based on your real-time or "contextual" application usage or general location inferred from IP address.

### **Opting Out on Android Devices**

If you have an Android device and would like to opt out of mobile interest-based or "cross-app" advertising, you may do this as follows:

- Open the Settings app on your device
- Go to "Google"
- Select Ads
- Opt out of interest-based ads

## **5. HOW WE USE INFORMATION**

The main reason we use your information is to deliver and improve our services. Additionally, we use your info to help keep you safe and to communicate with you. Read on for a more detailed explanation of the various reasons we use your information, together with practical examples.

### **To serve you relevant offers and ads**

- Develop, display and track content and advertising (sometimes tailored to your interests) on our services and other sites and to measure its effectiveness. When you are on our services, third-party ad partners may provide you with advertising based upon your

interests. These companies may use technologies to collect data about users, including non-precise location data, to help them tailor relevant ads and measure ads' effectiveness. These companies may collect this data through SDKs or from users who view or interact with their advertisements.

- For the purposes of European law, these ad partners are independent controllers of your information, which means that they are responsible for providing and complying with their own policies relating to any personal information they obtain in connection with the services.

### **To improve our services and develop new ones**

- Conduct research and analysis of users' behavior to improve our services and content (for instance, we may decide to change the look and feel or even substantially modify a given feature based on users' behavior). This software may record information such as how often you use the services, what happens within the services, aggregated usage, performance data, app errors and debugging information, and where the apps were downloaded from. We do not link the information we store within the analytics software to any personally identifiable information that you submit within the mobile application.

- Develop new features and services (for example, we may decide to build a new feature further to requests or feedback received from users.

- We may use Firebase, or other analytics and push services in order to carry out analysis on personal information which is gathered by us to carry out data analysis. Any personal information (including App Identifiers) which are provided to Google will become subject to Google's privacy policy which is located here:

[www.google.com/privacy.html](http://www.google.com/privacy.html).

## **6. HOW WE SHARE INFORMATION**

Since our goal is to provide the best services we can to you, the main sharing of users' information is with service providers and partners who assist us in operating the services, with other Group companies and, in some cases, legal authorities. Read on for more details about how your information is shared with others.

### **With our service providers and partners**

- We use third parties to help us operate and improve our services. These third parties assist us with various tasks, including data hosting and maintenance, analytics, marketing, advertising and security operations.
- We use **your non-personal information** (meaning information that, by itself, does not identify who you are such as device information) for targeted online marketing through tools like Facebook Custom Audience to contact interested parties.
- We follow a strict vetting process prior to engaging any service provider or working with any partner.

## **7. LINKS TO OTHER WEBSITES**

Our Service may contain links to other websites that are not operated by Us. If You click on a third party link, you will be directed to that third party's site. We strongly advise You to review the Privacy Policy of every site You visit.

We have no control over and assume no responsibility for the content, privacy policies or practices of any third party sites or services.

**In Short:** We are not responsible for the safety of any information that you share with third parties that we may link to or who advertise on our Services, but are not affiliated with, our Services.

The Services may link to third-party websites, online services, or mobile applications and/or contain advertisements from third parties that are not

affiliated with us and which may link to other websites, services, or applications. Accordingly, we do not make any guarantee regarding any such third parties, and we will not be liable for any loss or damage caused by the use of such third-party websites, services, or applications. The inclusion of a link towards a third-party website, service, or application does not imply an endorsement by us. We cannot guarantee the safety and privacy of data you provide to any third parties. Any data collected by third parties is not covered by this privacy notice. We are not responsible for the content or privacy and security practices and policies of any third parties, including other websites, services, or applications that may be linked to or from the Services. You should review the policies of such third parties and contact them directly to respond to your questions.

## 8. HOW WE PROTECT YOUR INFORMATION

The security of Your Personal Data is important to Us, but remember that no method of transmission over the Internet, or method of electronic storage is 100% secure. While We strive to use commercially acceptable means to protect Your Personal Data, we cannot guarantee its absolute security.

## 9. CHILDREN'S PRIVACY

We do not knowingly collect information from children under the age of 13 years old. If you are not over 13 years old, then **DO NOT DOWNLOAD OR USE THE SERVICES**. If you believe that we may have personal information from or about a child under the age of 13 years old, please contact us and we will promptly delete that personal information.

## 10. PRIVACY POLICY CHANGES

We may update this privacy notice from time to time. The updated version will be indicated by an updated "Revised" date at the top of this privacy notice. If we make material changes to this privacy notice, we may notify you either by prominently posting a notice of such changes or by directly

sending you a notification. We encourage you to review this privacy notice frequently to be informed of how we are

## 11. HOW TO CONTACT US
