

# Negotiation Foundations in Real Estate to Earn the Accredited Real Estate Negotiator Certification

## **Course Syllabus**

Course Description: This course is designed to provide an in-depth understanding of principled negotiation theory, techniques, and strategies for real estate negotiations. The course covers both theoretical and practical aspects of real estate negotiations and is aimed at preparing students to become effective and ethical negotiators in the real estate industry.

Objectives: Upon completion of the course, students will be able to:

- 1. Understand the basics of real estate negotiation, including the negotiation process, key concepts, and important terms.
- 2. Develop key negotiation skills, including the ability to build collaboration, build trust, identify opportunities, and solve problems
- 3. Gain the skills and confidence to protect and promote the interests of their clients
- 4. Gain the competence and confidence to successfully close real estate transactions in a fair and collaborative process.

#### **Course Outline:**

#### Introduction:

• Definition of negotiation and overview of negotiation interactions in residential real estate.

## **Key Concepts:**

- Complexity spectrum
- Managing emotions
- Power sources: market, information and BATNA
- Positional bargaining versus interest-based negotiations
- Building trust
- Dispute resolution

### Approaches to Negotiation

- Introduction to four types of negotiations
- In depth review of characteristics and tactics of Competitive negotiators
- In depth review of characteristics and tactics of Collaborative negotiators.
- The Benefits of Trust Based Collaborative negotiations.
