

MHS CLUBS & ENRICHMENTS

2025-2026 Comic Artist's Club

The Comic Artist's Club is a club for artists and writers who are interested in creating their own comics, manga or graphic novel, or are simply interested in the art of making comics, manga and graphic novels. We have working days, sharing days where we get focused feedback on our pieces, as well as education days where we learn more about the art of making comics. While we focus mainly on the visual storytelling and art aspect of comics, we encourage writers who may be collaborating with an artist to join the club as well! All art styles and skill levels are welcome here.
