

TYA UK Travel Bursary Scheme

Until April 2012 these travel grants are delivered from an ACE Bursary awarded in 2008 to Paul Harman. Thereafter they will be administered by TYA-UK directly.

In principle any PAID UP INDIVIDUAL MEMBER of TYA-UK , or artist working with or for a MEMBER COMPANY may receive up to 50% of travel costs to further the objective of making better connections between UK TYA and our colleagues in other countries.

The conditions are that any travel activity undertaken is for the benefit of the UK field of theatre for children and young people as a whole. All recipients are therefore required to make a full report on their experience for the benefit of UK colleagues.

You can use the money to bring an overseas collaborator to the UK, go abroad to work with an overseas TYA company, represent the UK at a festival or conference or any other useful contribution to improving the quality of UK TYA by learning from other experiences worldwide, or in raising the profile of UK TYA abroad.

The process is informal and intended to be fast. Ring to discuss your project or email a brief outline.

The average amount awarded is around £200.
