Visioning Worksheet: A Better School is Within Our Reach

	How would this look like in your school?	What is needed to make this happen? What labor, resources, and tools do we need?
1 Politically empowering students in your school to make important, real decisions		
2 Making school curriculum more useful to students' lives by teaching day-to-day life, and mental health skills		

3 Creating a safety net and stronger interventions for students who need financial, social, or emotional support		
4 Building nourishing, joyful, and healthy relationships with other students and teachers in the school		
5 Building new systems of accountability and harm reduction that solves conflict, fights, and “drama” OTHER THAN suspensions and expulsions		

THE SOCIALIST SCHOLARS PARTY

is working on these issues on a day-to-day basis within all
New Haven Public Schools and we are always looking for new people to join the struggle.
Whether you're an artist, a writer, an activist, or just a regular student—
YOU can make a difference in New Haven Public Schools.
