

YardWise AI Privacy Policy

Effective Date: July 5, 2026

YardWise AI helps users receive yard, lawn, garden, plant, and landscaping suggestions.

Information You Provide:

Users may enter yard descriptions, outdoor project goals, or upload yard-related photos for analysis.

How Information Is Used:

Information is used to provide yard and garden suggestions inside the app.

Photos and User Content:

If users upload yard or garden photos, those photos are used to provide app features such as AI yard analysis and recommendations.

Accounts and Email:

If users create an account or contact support, YardWise AI may use an email address for account access, support, and app-related communication.

Payments:

If paid features are offered, payments may be processed by a third-party payment provider.

Data Sharing:

YardWise AI does not sell user personal information.

AI Features:

AI-generated suggestions are for general lawn, garden, plant, and landscaping guidance only. Results may not always be perfect. Users should use judgment before making major yard, chemical, irrigation, or landscaping decisions.
