

Sapling

Children may engage in some of the following play experiences.

Spark: Children have been making models with toothpicks and discussing how to be safe.

Focus: Risk Management

The children will be exploring their environment and looking for potential risks. They will work as a group to figure out how to make these situations as safe as possible while playing.

Spark: The children have been taking part in lots of energetic play outside.

Focus: French Instructions

The children will be following basic instructions during games in French, such as: go, stop, left, right and come here.

Spark: Last week was Language Week and the children are really enjoying learning French!

Focus: French Writing

The children will be developing their mark making skills while trying to copy and write the words for the French colours.

Spark: The children have been noticing patterns in the nursery environment.

Focus: Symmetrical Patterns

Children will be creating symmetrical patterns in the block area. They will need to be accurate and check for errors to make their symmetrical shape.

Spark: The children have been bird watching for the RSPB bird watching week.

Focus: Bird Feeders

Children will be using their fine motor skills by making bird feeders to attract different wildlife to the garden.

Spark: The children have been asking to play different games.

Focus: Circle Games

Children will be playing a variety of group games such as 'tig' and 'What's the Time Mr Wolf'. They will be listening for instructions, learning to take turns and developing their play skills.

Netherlee Nursery Class
Fri 2th February - Fri 9th February 2022
