

Miko Evans: EABA Board Nominee 2022

MY INTEREST IN EABA:

Since my attendance at the 1st official meeting of EABA in 2019, I had just obtained my office membership at the former OxWork Building (Now 1342). I was intrigued and encouraged during the 1st meeting and was honored to do media coverage. I've attended the EABA off an on since then and have always enjoyed the welcoming energy and serious passion of the organization. To see the organization start from an much need idea to a formidable non-profit is commendable.

Since I haven't served on a Board in this capacity in about some time, I felt that getting involved with EABA would be an excellent avenue to start sharing my 27 years in Entrepreneurship and Community Outreach. If selected as Co-Vice President, I bring years of experience in community organizing and representation, board administration, and public relations. Please see my bio and volunteering experience provided in considering your decision.
