

HOW TO ALIGN ONLINE WITH AHA ATLAS - TUTORIAL

Last updated: 10/02/2023

Overview

This document outlines how to align with Vitali Partners in Atlas, the online AHA eCard portal.

Note For Transferring Instructors

- Do not replace your current TC with Vitali.
- Add Vitali as a secondary TC.
- If you replace your current TC with Vitali, you will lose any classes posted in the AHA class connector, any inventory of eCards, and you will be unable to lookup cards from the past. This can not be undone.
- **Ensure to align with Vitali Partners LLC and not one of our Vitali Medical Training “training sites”.**

How To Align

1. Go to <https://atlas.heart.org/home>
2. Click “Sign In” and login.
3. Click “Training Center” > “My Alignments”
4. Click “Find a Training Center” & under “Search by Organization Name” search Vitali Partners LLC. Should have TC ID TN20925
5. Click the “Request Alignment” button
6. Select the disciplines you wish to align. (HS, BLS, ACLS, PALS, & PEARS)
7. Click “Request Alignment” in the bottom right.
8. Verify disciplines, & click “Request Alignment” again.
9. You should see a green check mark with ‘Request sent successfully’
10. Email instructors@vitalipartners.com when completed so we can approve you.

If you have problems logging in or aligning, contact the AHA by calling 1-877-242-4277.
