Agenda

Updates from Ten Towns, Ten Actions Leaders & Attendees

- **Ann - Chester:** Works with Earth Grandmas on the Ball and indigenous groups; has indigenous grandchildren; planning to show Microplastic Madness; wrote article advocating ban of vinyl chloride;

scout group teaching grandparents soccer and the young person will present why environmental activism is important; [A Plastic Planet](#) - website about plastic reduction.

- **Bonnie - Hopkinton:** School composting with smoke and mirrors! Things aren't going well with PWG initiatives, Hopkinton has shut down composting and schools are composting but are not quite getting what to put in their composters. Interested in reusable restaurant take out pilot.
- **Bruce - Keene:** Attended Energy Expo in Peterborough and heard about single-use plastics in restaurants; we need to encourage restaurants not to use styrofoam. In 2021 there was a bill proposed to ban polystyrene foodware.
- **Carol - Center Harbor:** Approached by three influential people in town who all wanted to know about plastics at Center Harbor volunteer recognition event - lots of questions Carol was able to answer. Received a call from a librarian in Nashua who wanted to know more about the Plastics Working Group; was excited to know that Sherry Dutzy was involved in the PWG; found an article about new protections in communities by the EPA; mentioned chemical pollution; following Cory Booker's federal policy work on plastics.
- **Christina - Portsmouth:** Working on the reusable restaurant take out pilot with Kristine; Beyond Plastics Senior; met with students for the Skip the Stuff Campaign; going to Portsmouth Rotary to ask for funds to the pilot project.
- **Cindy - Cornish Flat:** Mesh Bag Mama project to donate cloth bags, $\frac{1}{2}$ way through their goal of 1,000 bags; gave 2 composting workshops this week to educate municipal staff and residents, funded by Regional Planning Commission
- **Cynthia - Dover:** 1. Turnkey landfill air permit - thanks to Cindy for writing the PWG group comments and all who signed. We were joined by several Dover Reps, the Dover City Manager and others. CW requested an evening hearing in Rochester on environmental justice grounds and specific replies to about 10h deficiencies in the permit. No news about DES responses. 2. Request from CW - I need help for a presentation to NH town officials called, "Hazardous Industries: How can municipalities protect themselves?" As a newcomer to NH, I need cases in NH history of problems and successes in managing industries. So far I have 2 problems: St. Gobain and Groveton's plastic to fuel and 1 success: Oil refinery that was not located on Great Bay due to public pressure. Any more? I am now the new Co-chair with Kristine of the Dover Plastic Reduction Group. No others wanted this plush position - ha ! My husband Mike will focus on writing - LTE's, testimony, for the several bills coming up, PPTs for talks.
- **Jane Roth - Kingston:** I want to learn more about the plan to go to the City/town and talk about composting and recycling glass again. The town of Kingston stopped accepting glass 3 months ago. Uplifted by what PWG is doing. At a wedding reception, served in a plastic bottle, and tried to educate the server, but felt conflicted afterwards. Inspired to contact Market Baskets and asked them not to sell water in plastic bottles - they need to hear from more customers asking for this or have legislation mandating the action. Eve's book was at her local library; recommends!
- **Kristine - Dover:** An analytical chemist who works for a plastic company has joined Dover Plastic Reduction Group; also Non-Toxic Communities and Non-Toxic Dover leader; starting to contact high school, middle schools, elementary schools; met with business owner working on supporting the restaurant reusable container project; testified at the EPR study committee - spoke with Peter Blair of Just Zero who did a PPT on EPR and he will do so with the Dover Group in October.
- **Mary - Harrisville:** Helped organize the sewers for MMMama's with Patsy.
- **Patsy - Nelson:** Made 40 Mesh Bags (team of 5 sewers) with 10 more on the way; January screening of the Story of Plastics; [Radically Rural](#) attendees spoke about working with Reb on trauma, people from all over the U.S. talk about public health, environment, rural concerns; presented a grant to a group working with goats eating grass under solar panels. Attended NH Health Care Workers for Climate Action meeting - discussed plastic education.
- **Raelene Shippee-Rice - Durham:** On the band-wagon cognitively and want to do so with action!
- **Reb - Claremont:** Anti Litter Task Force; teaching trauma informed mental health skills to hs and college students.

- Susan (not present) programs at Durham library: 9/18 ppt NRRA's Recycling 101; 10/4 "Kiss the Earth" 45 min school version; 10/25 Paige Wilson of DES on composting; 11/15 Dr. Robt Dewey on climate and health; 11/28 "Microplastic Madness" - all at 6:30 pm

Collective Actions Updates

- **Restaurant Project (Christina, Kristine):** [Foodware Containers](#) (stainless steel with silicone lid);
 - Meeting with Dover & Portsmouth Rotary to request funding \$5,000 for a 6 month pilot
 - Containers have the capacity for thousands of uses
 - Dover will have containers on January 3
 - Met with Dover City Councilor on Sea Grant Program - may be eligible for \$5,000
 - Downtown businesses may help
 - Portsmouth offers \$200 for restaurants who remove food scraps from waste stream
 - May get students involved from the Sustainability Program
 - Foodware program details - if the customer doesn't bring the container back, they are charged a fine. This gives encouragement for the customer to visit the participating restaurants
 - Kristine and Christina will be collecting data to encourage future adoption of this project
- **Organizing Tips:**
 - Using the word "pilot" helps to encourage organizations to consider a project. Ex: Mesh Bag Mamas pilot and restaurant take out pilots allow for data collection and project refinement
 - Community Action Works is a good source for funding activism projects; gave \$1,500 for Mesh Bag Mama postcard inserts without much encouragement.
 - Projects can be fun, like Mesh Bag Mamas - a fun community gathering experience.

Legislative - Current

- **Meetings with NH Senate & Rep staff** - Carol, Ann, Darla - meetings and updates continuing
- **Collaboration with Conservation Law Foundation (CLF)**
 - Kristine met with Nora Bosworth about having someone help PWG follow the relevant PWG legislation. Nora may be able to help PWG organize how to do this work. PWG would be more powerful/ effective about critical aspects of legislative issues re: plastics.
 - Nora wondered if our group would be open to receiving help organizing legislative activities around bills we are following. Nora will talk about this with Tom Irwin of Cons. Law Foundation.
 - We need someone who stays on top of committee meetings, tracks bills, and alerts PWG members to calls for action.
 - Only 2 Study Committee members attended the kick off meeting.
 - Reps from the bottle industry supporting EPR, Peter Blair from Just Zero, and PWG members attended.
 - CLF can help us coordinate and work together to be intentional about testimony/strategy.
 - Nora could watch for committee meetings and help organize the messaging.
 - Would we be able to get someone from the Union of Concerned Scientists and Just Zero who can talk about toxics? CLF, Just Zero & UCS already collaborate
 - The beverage industry talks about increasing plastic production because it is recyclable; need to respond to this with counter testimony
- **Container Deposit Law** - [Link to Working Document](#) - Sherry, Christina
- **EPR Legislation/Study Committee Update** - Committee Attendees
 - [LINK to PWG Slides](#) (Slide #44 & Beyond)
 - [Beyond Plastics guide to EPR legislation](#)
 - Focus on chemicals in food packaging with new legislation
 - [EPR Talking Points from PWG](#)

Legislative - Past

- Chemical Recycling & Cumulative Impacts Bill - Cynthia
- 08/06/2021 HOUSE BILL 618- Banning single use food product-polystyrene foam
 - <https://legiscan.com/NH/text/HB618/id/2242207>
 - An Act relative to the sale and distribution of polystyrene food service products
 - SPONSORS: Rep. Spang, Straf. 6; Sen. Whitley, Dist 15; Sen. Perkins Kwoka, Dist 21; Sen. Watters, Dist 4
 - COMMITTEE: Commerce and Consumer Affairs

Legislative - Future

- 'Toxics in Food Packaging - [Link to Working Document](#)
 - Should be a separate bill from container deposit law - who will champion this? NHHCWCA?

Social Media/Media

- Social Media Campaign (Kennedy & Cassie) - in progress: Kennedy's work has someone interested in financially supporting it.

Education

- Thinking in Systems Training with Edie Farwell underway: Patsy, Cindy, Carol and Reb are involved in this. Patsy and Reb love it.
- Presentation by solid waste professionals on plastics problem, solutions & challenges
- Presentation to NH Legislative Committee on the environment - Kat McGee is sympathetic
- Road map tour of NH legislative website
- Collective Action - Develop a book list on climate change for consideration by libraries
- Connect with Businesses for Social Responsibility
- Tabling venues to spread our message
