

On the 26th Day of May of the 2017th Year of the Lord I hereby announce and order:

In light of the recent events in which I myself was pearled by the “rogue citizen” of the Kingdom of Veria Hubertis I have made a declaration of war against the Kingdom of Veria but later revoked it when I understood that the pearling was not state-sanctioned, as I had thought, but done without the consent of the King.

The following persons were involved in my pearling and have been sentenced to permanent imprisonment in the Nether by the Federal Tribunal:

Hubertis
A_M_A_Z_E
Mudkip
TheCanadianInuit
Wubzerino

An international task force will be formed with the mission to find and imprison these criminals as soon as possible.

I was shocked when I realized that the pearl is now in Verian hands and will not be released and that the “rogue citizenry” was faked in order for my pearling to be a false flag attack. The King of Veria, _Papa, has shown extremely uncooperative behavior and admitted to me that he was not only tolerating but also supporting my emperalment. The purpose of my exile is the easing of the invasion and annexation of the Medwedian Democratic Federation and the enslavement of its citizenry and will not be tolerated; instead, it will be deemed an act of war and legitimate casus belli.

I hereby declare war on the Kingdom of Veria, the Parliamentary Republic of Victoria, the State of Ozland and any nation supporting one of these states or my emperalment. I order all forces standing under my command to start a full-scale invasion of the countries named and to search for my pearl in order to destroy it and liberate me and Medwedia. May God be on the side of the Righteous!

His Excellency,
the Glorious and Honourable
President of the Medwedian Democratic Federation
High Marshal Theodor Lynden Frankenstein
