| <p><b><u>We are writing the script for the pitch.</u></b></p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | <br>Create & Present | <p>What capabilities do you hope to develop? What will you design? How? What will you do to show your capability? What can you create to show your capability? What/how can you present your new learning? What can you do to practice and apply your new</p>                                                                                                                                               |
| <p><b><u>5th Learning Step:</u></b><br/>         How will I show my learning?<br/>         Re-create the pitch place then start recording- re-constructed the pitch stage so it is prepared for the recording<br/>         Started a Minecraft world of the Minecraft school- <a href="#">Evidence</a><br/>         Building the things that you have in school-<br/>         Have a slide of our planning and role play for the advertisement of the school-<br/>         We haven't recorded with the ipads yet because we have unfinished constructions like the receptions, staff and teachers lounge. We are going to have to extend the building for the school.<br/> <a href="#">Link to our progress</a></p> |                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                             |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                    | <p>Great job getting the role play written. You, Willies, Lim Hor, Karis and Justin L are acting in the role play so when will you record? Monday practice in Block 1 and/or iBreak and recording in iDevelop block. That means you will be ready to share on Thursday. If you pitch to Mr M and Ms W and Mrs B before the end of the year- maybe all the devices can have minecraft on them next year.</p> |

### **How has this document helped you learn more about the Learning Model?**

Curious - Wondering how we should teach the others to play minecraft and put it for the school

Connected - all our ideas

Collaborative - Teamed up with some people and form a new iExplore and share ideas

Capable - to finish the replacement iexplore and finish at the right time of the day

### **How has this document helped you with thinking about your iExplore Learning Adventure?**

Stores what we did so we could keep track of what we're doing,

### **What would you change to make it better?**

The progress we did on putting into this slide put in more evidence of our learning on what we did in the past 8 weeks.
