Introduction

explain the introduction to the research, the urgency of the research, the state of the art, the gap analysis and the objectives of the research

Numbering

Methods

Study Design, population, sample, data collectiong procedure, ethical consideration, data measurement/ intstrument, variables, data analysis

Results

description result, show table, figure etc,

Table 1. Example characteristic

Characteristic	Frequency	Precentage	Total
Age			
Level education			
ala			
etc			

Discussion

Describe the research results with a complete discussion accompanied by analysis and related research from the literature related to the discussion and end with the conclusions of the authors from the anal- ysis that has been carried out

Conclusion

briefly describe the conclusions accompanied by suggestions for improvements and contributions to the knowledge

Conlict of Interest Declaration

declare that this research is independent of the conflict of interest of both individuals and organizations

Acknlowledge

If any

Funding

explain the financial sources in this study
