

Dear Mistress Sarah,

WONDERFUL NEWS: I'm going back to **WILLIAMSBURG!!!!!!!** Now, Mistress Aprille has not yet decided exactly when we are going, BUT that is not why I write

*LOL

(or, in this case, type) you* I want to look into some trades, for I'm nearly 11, and it's time I go into apprenticeship. Here are the trades that came to mind: (If you think of any more trades please, let me know) *If I choose this trade I would (no doubt) request to be apprenticed by your wonderful brother.

- Apothecary*
- Carpentry
- Black\Silversmith
- Cooper
- Printing

I know SO much about printing:

- Setting type (it goes in backwards)
- Turning the crank
- Feeding in paper
- Making sure the type is set backwards
- How to use a printing press, and SO much more

But literally **EVERYONE** is getting on my case! So I'm afraid that I'll have to stop here.

Sincerely, Master Ezra
