

## Tutorial: Enabling Pop-ups in Microsoft Edge

Steps	Instructions	Image
<b>Step 1</b>	<p><b><u>Open Edge Settings</u></b></p> <p>Click the Microsoft Edge menu on the browser toolbar (found in the top right corner, 3 horizontal dots). Select 'Settings' from the drop-down menu.</p>	
<b>Step 2</b>	<p><b><u>Open Pop-Up Settings</u></b></p> <p>Open the <b>Cookies and site permissions</b> tab. After opening the tab, scroll down to the <b>Pop-ups and redirects</b> section.</p>	
<b>Step 3</b>	<p>Option A: To disable popup blocking, toggle the switch next to “Blocked”</p> <p>Option B: To only allow select website popups, click “Add” next to “Allow” and paste the URL of the page for which you want to allow popups from.</p>	

**Congratulations! You now know how to enable pop-ups in Microsoft Edge!**
