Announcement

Perth: we will have special dinner. Look out for a special dinner survey.
Wednesday we are having a \$800 dinner! WOW. COMe.

Giselle: the house is made of wood. Fire is bad for wood. Water also could be bad for weed.
SOMETimes the stove is unattended and this is scary for the sake of the wood. Same about the laundry.

Logan: do not burn things in the hosue. Like incense. For gods sake we dont need another fire.

Jingyi: thanks to Anya for the cross stitching workshift! Next Saturday Nicole is leading a garden writing workshop.

WRMs: Michael Cox is WRM of the week.

Harrison: Garden party on Thursday!!!!!!!!!!!! Come one, come all.

Graham: We are out of furniture budget. \$5000 in HAPS project. Hella money in lots of places.

Sage: Elections are opening! Still vote even if you're leaving. Also VOC.

Any changes from last week?

No.

Jordan motions to approve minutes.

Catherine seconds, valiantly and enthusiastically.

AYE.

Zack accuses L of poultry pilfering.
She firmly denies.

Noah accuses L of not diligently note taking.
She firmly denies as well.

Consent agenda

Sex Toy Workshop and yoga on Wednesday.

Use of Space from BSC Alumni.

Chris wants to use Kitchen late on 22nd and 23rd.

Chris motions to approve consent agenda.

Catherine, again, seconds.

Chris S. wants to have guests 14-18. High school students. Will be good.

Someone motions.

Catherine was beaten to the second.

Emily and Chris come forward to try to a new kind of composting. It's faster. Helps it grow. Is less discriminatory in this fermentation: ANYONE WASTE PRODUCT.

We need wheat bran and a few things.

This is less labor intensive.

Less access for fruit flies.

Harrison has a POI: Will definitely require workshift.

Kelly motions to approve \$250 from house accounts.

Zach seconds.

35-0-3.

Motion passes.

"Let the experimental compost begin"

Noah consults L if [this](#) is a good dress for graduation.

Please weigh in.

There is one thing in the house that fills everyone with dread. Its utility is question. Its futility is ample reason reason for excuses to professors. It goes largely neglected but what are we without it?

THE PRINTER.

It's fucked.

Options: talk to technician on phone: \$40

Hire a technician: \$540

Get a maintenance kit that no one knows how to use: \$340.

Graham suggests we use the study room budget: \$2300 in there!

Maybe we need a backup printer?

One idea is leasing a printer. Pay per month for the printer.

Mitar says we have an old ol dprinter.

We have printer 150,000 copies. Wow!

If we paid 0.05\$ for the printer as we were meant to we would havr \$4000. But we don't have that money in there because no one pays. We have done this to ourselves.

*It comes to light that some people have been abusing our printer. Some print their **entire** readers. James casually mentions he's seen mostly BOARDERS!*

Marisa openly admits to seeing the names of those who print but never pick up their papers. WE HAVE TRACK OF YOUR NAME. Careful of printer shame.

Bryan is a handsome advocate of the lease.

Kelly motions to have \$540 for a technician. Maybe from BISCIT or from Study room budget.

James will watch technician. Closely. Studying.

Also will explore leasing options.

35-0-3.

Passes.

Special Dinner: how much to spend? Also themes! (Dog themed).

Also if we want a bouncy castle we need to reserve NOW.

If we want a super fancy one we need \$500. 7 IN 1 MEGA COMBO.

Chris wants us a slide. Assures that Perth mentioned to him the potential of it during a private rendezvous.

A hacker comes in and projects a video of bubble soccer. A dangerous sport.

At least 100\$ will go to a chocolate fountain.

It appears as though Perth has done extensive research on this.

Marisa likes the first one the most. Dry.

Logan motions to pass \$700 for bouncy castle rental. First from social, if not from house account.

Passes 26-3-6.

Perth motions to add five minutes to talk about \$2500 for special dinner.

Kelly motions for not capping food budget but spending \$2500. Trusting food manager to not blow our budget super.

15-6-10.

Requires 2/3rds so budget.

\$2500 for special dinner.

23-3-8.

Passes.

Bryan comes to talk about work shift change.
5 minutes to extend talking.
29-14-7

Bryan brought up concerns about the interpretation of the workshift policy change: namely requires house's majority.
Further Bryan voiced concerns about the selling of shift in workshift market. This could be marginalizing for members who don't have the means to find other members to fulfill their shift.
Will try to get Bryan's notes so he is represented fairly.
18-19-15 for discussion.

Perth wanted to share [this](#) video. To relieve tension in the room.

Motion to add to bylaw community manager 50% of room 3 hrs of workshift
27-0-8. Passes
Brought to next tune,

Election SPeeches

House manager
Summer and fall
Giselle
Has been doing it for 2 semesters
Getting yoked doing it
Really enjoys the job!
Believes the kitchen has high potential to catch fire.
Kelly thinks Giselle a great job.

Community manager
Summer
Chris S
Joined last fall.
Wearing a house.
Attracted to this job because he gets to interact with ALL sorts of members.
Would like to encourage empathy in council.

Marisa
Has fallen in love with this community
Certified for the survivors of sexual assault
On consent committee.
Clommunity week-- is an idea. Movie night, workout wednesday,

Jordan

Also loves this house!

Work with underprivileged youth

Everyone looks beautiful tonight.

Heart.

Sarah C.

Wants to give back to the community

Psych and dance major

This summer is the last opportunity living in co op

Moved in the first semester of new Cloyne.

Zack for fall manager

Wants to encourage community

Was social manager at stebbins

Also worked as coach

Logan

Current community manager

Lives here!

Dream to continue the POC discussion and anti oppression workshop

Would like to uphold substance free

Work closely with POC.

House President

Summer Carlos

Hosue manager for spring

Took over for grapham last summer

Current kitchen manager

Mitar

Has enjoyed living here

Prefers network manager

If as a house you want him to run, he will.

You'd *really* have to convince him.

In that case he is representing max. Who is in germany.

Max (in germany)- running for fall

Lived here year and a half

Made 30 pg exit documentary

Tried to be efficient

Wants to be inclusive

Consensus, not just majority rule.
Incentivize participation.

Chris- running for fall
President last fall
Board rep last spring
By law committee-- knows them very well
Wants online council.
Also wants to use smart phone app to aid council

Maintenance Manager
Summer: Niamh and Jay

Fall: Jay, Robert, and Eric Z.

Motion to have unopposed positions send emails (sweet)
Passes
Time saved: approx 4839674893 minutes

Caryn and Lily
Running for food manager in the fall.
Have both been head cooks
More consensus between members and managers.
Some sort of upvote down bote
More vocal about allergies.
Have worked as a team together

Tim and Matthew also running for a team together for fall
Matthew has been a manager since moving in two falls ago.
This is the first semester not being one. Workshift manager and kitchen manager.
Matt CERT certified.
Last summer implemented rudimentary food service program.
Tim believes in buying power. Has been head cook in co ops. Hella
Matthew: food waste and food storage efficiency important.

WRM for fall
Michellea and Jaquelyn
Upcyclling out of trash
Tip of the week
At hoyt. Likes it here a lot.

Emily and Hamid
Emily is current wrm
Wants to do a workshop, get more people involved.

Board rep for fall
Kelly is running
We need someone else also.

Mail for fall
Emily
Has seen brennan's effort
And wants to keep it up
Wants to get people who aren't living here their mail also
Wants to make sure stamps and envelopes are accessible.

Anya
Loves mail
Would like to implement email package system \
Cant wait to handle all your packages

Chelsea health worker for fall
Experience in peer health exchange,
Feels comfortable talking about mental health

James
CPR certified twice.
Comfortable talking about lots of different issues.

Fall academic manager
Logan
We have had mostly STEM managers
Logan is not one. But open to all things.
