

**[footsteps // humming]** What is this? It seems like someone got stuck while looking for something. Bent over, head stuck inside the trunk of some tree while struggling to get out. Do you want my help, little one?...I don't know if that's going to work for me, little one. I can't just walk along knowing there is someone in need of help. Someone with ill intention could take advantage of you in such a precarious position. How did you end up with your head stuck in a tree anyways?...That'll do it. **[chuckle]** How long have you been stuck like this?...That's quite a while, little one. I'm surprised no one has come by and seen you like this. So many creatures would take advantage of a helpless person in such a vulnerable position. It would make me think that you would want help, any help that is available. It's not like you are in the position to bargain right now, are you?...And I just can't resist such a tempting display. Sticking your ass out as you struggle to get out of your self imposed restrained, you're so pathetic, little one.

**[footsteps // whispered]** It's getting me so fucking hard watching your weak attempts at escape, little one. You've really trapped yourself, haven't you?...I could help you, if you wanted. But that's taking time out of my day and as you can imagine I have lots to do. And with your body stuck in such a lewd position, I can't imagine what would happen if someone with more perverted thoughts than me came by. You're so exposed like this, little one. Anyone could come by and yank down your pants, have themselves a little bit of a sample of your hole. You wouldn't be able to fight back like this, helpless to do anything to stop it. You would just have to take it like some kind of a bitch. Shame burning your cheeks as your body enjoys the intrusion. I can already picture it, little one. Can't you?

...That's right. Feeling my heavy cock right between your thighs, it seems to me that someone is already wet enough to take me. Were you meeting someone, little one? My goodness, what a twist of fate. You were sitting here, waiting for someone to fuck you, and instead I come across you first. How lucky am I? You really are something out of my most wettest dreams, little one. Perky ass on display, your breath hitching as you feel my teasing behind you. You don't even know what I look like with your head stuck in the tree like this. Darkness clouds your vision since the only thing you can really focus on is how I feel touching you and how I sound. A total stranger, a monstress at that, some type of an abomination is going to fuck you. Let's hope whoever you were meeting doesn't find you like this. They might not want you once they find out I've spoiled you everyone else. People don't like fucking sluts who can't keep it in their pants. Considering how I found you, I wouldn't be far off in assuming this is what you want. I mean, it's clearly what your body wants.

**[wet noises start]** See? Look at how beautifully you opened up for me, taking me so easily. That's it, little one. Ngh, you feel good. I don't normally fuck random folks I find in the woods but I'm glad I took a chance with you. You looked too good with your head trapped in there, legs spread, ass on display, you were practically begging for this, weren't you? You were dying for some monster to walk by and stick advantage of you, fuck you like the filthy slut you are. That's the only reason someone would be stuck in that position, right? Why else would your ass be on display like that? Sticking it out like you are trying to entice anyone with eyes to fuck you.

**[spank]** Oh, that's it, little one. You feel so good wrapped around me. You're going to make a nice lay, aren't you? Going to clench around my cock and make sure I fill you up, aren't you?

..Oh, that's right. You're doing so good for me, sweetheart. Feel so good against me, rocking your hips, trying to take my cock even deeper. It's curving perfectly inside you, isn't it? Reaching that spot that makes you see stars, oh that's right, that's it, you take my cock so well. Your hole stretched so prettily around it, that's right, you're being so good for me. Are you always this well behaved or is it because my cock is inside you? **[chuckle]** Ngh, that's it. You feel so good wrapped around me, impaled so tightly on my cock. You feel nice and full, don't you?...Yeah, this is what you need. This is what anyone who gets stuck in such a lewd position needs. You were asking for this, weren't you? Needed someone to fuck some sense into you. Why would you ever think this was a good idea, little one? Is that why you're in the woods alone like this? Do you like being vulnerable and walking around, letting monsters take advantage of a cute thing like yourself?

..Of course you do, just look at it. Thrusting your hips against me, moaning like a bitch in heat, you're desperate for it. Practically aching with need as I fuck you harder, my claws reaching down and starting to stroke you in time. Oh, that's it. It feels good, doesn't it? No matter how you move your hips, you're going to be fucking yourself against me, getting some kind of pleasure, getting closer to your own orgasm. Mnf, that's right. That's what you really want, isn't it? After getting stuck in such a compromising position, exposing your ass for everyone to see, you should be lucky that only I decided to take you. What would you do if this had been a minotaur fucking you? Or a griffin? Or even a harpy? Would you be strong enough to handle it?

**[chuckle]** Too lost to your own pleasure to even think about what the sentence means, huh? Being fucked stupid comes easily for you, doesn't it? Ngh, come on, that's it, pretty one. Just like that. Making me feel so good, my rough skin brushing against your soft one. **[spank]** Need to leave my mark on you, little one. Don't want you to forget how good you're feeling right now, how loudly you're moaning on my cock. You love my cock, don't you, little one?

...Then scream it. Scream it loud and proud. Say "I love your cock"...Oh that's my good little one. Taking me so well, taking my cock nice and deep inside that greedy hole of yours. Look so good while you're taking dick, princess. **[spank]** Someone likes being fucked like a slut while being called princess, huh? **[spank]** Then come on, princess. Keep taking my cock, show me how good you are. Mnf, just like that. Split open, swallowing my cock so easily, it feels so good to be full, doesn't it?...This is what you needed. Stuck in the tree for hours, bored and helpless, the only thing that was going to save you from your boredom was being taken advantage of. Having my cock slide between you, fucking you, claiming you for myself. No one else is going to compare to this cock, is it? No cock is going to fuck you like this, fill you like this, make you moan like I do, will it?

...That's right, princess. This cock is the best fucking cock you'll ever get in your life. Hearing my antlers knock against the bark of the tree as you take me even deeper, oh that's it, moaning so prettily for me. You take my cock so well, princess. You're a natural. Made for this. Did yourself a favor getting stuck in a tree like this. You wouldn't have gotten to feel this good if it wasn't for me. You wouldn't be so close to your own orgasm, my claws continue to stroke you in time with my thrusts. The pleasure is overwhelming, all consuming, you can't even think, can you? All you know is that you need more of what I'm doing. **[spank]** Nothing has ever felt as good as this, has it? My strength is obvious in the spansks against you as my rough skin leaves marks. Need to make sure you feel it tomorrow, right princess?

...Mmmm, that's right. Take my cock so well, stretched so tight around me. That's it. You feel so good, don't you?...You take my cock so amazingly. That's it, princess. Making me feel so good. Something tells me that if you could see what I look like you wouldn't be enjoying it this month. Mnf, but in this state, this far gone, I don't even think you care. Fucked stupid, not even brain cells to even form a thought let alone speak something more than a whine. You just want to cum, don't you?...Mnf, that's okay little one. Get right on edge for me. Ngh, I'm close too. Getting closer with every thrust inside your greedy hole, princess. You feel so good, wrapped so tightly around me. Taking every inch of me like it's nothing. You're so good for me, little one. Yes you are. So good at taking my cock and making me feel good, wrapped so tightly around me. Ngh, so fucking close, princess. You're right there too, aren't you?...Ngh, then cum with me. You can do it, little one. Make me proud. Show me how good my claws feel stroking you, how amazing my cock feels fucking you. Mnf, cum with me princess. Please, cum with m-**[adlib mutual orgasms]**

**[spank]** An extra one for good luck, aye princess? **[chuckle]** Good luck getting yourself out of that tree. Since you didn't ask for my help in escaping I'm assuming you have it covered yourself. **[chuckle]** Is it wrong if I'm hoping you are still here tomorrow when I pass by on my way out of my cave? I would love to have another round of that hole of yours. Jesus, it's still dripping. My cum leaking out of your stretched out hole as you're still stuck in that hole. You're not even able to see how I wrecked you. Probably for the better since I mentioned you wouldn't be enjoying this as much if you knew what I looked like. I'll leave you with three descriptors of myself to let your imagination run wild. "Too many red eyes" is a personal favorite. "You shouldn't bend like that" is another. But my favorite one is simply "grotesque". **[chuckle]** Take care of yourself, little one. I hope you find a monster that is nicer than me who will take pity on you. If not, I guess I'll be fucking you again tomorrow. Ta ta, princess! **[footsteps]**
