IXL Math Contract #13

Week of January 9-13 Due: Tuesday, January 17th

Level	Skill	Date	Time	Smart Score
G	W.3: <u>Create Line Graphs</u>			
G	L8: <u>Add fractions with unlike</u> <u>denominators</u>			
G	B.9: <u>Inequalities with Addition</u> and Subtraction			

/ 15	points
 / 15	pomits

You should spend at least 15 minutes on EACH skill unless you reached a smart score of 100 before 15 minutes have elapsed. If you reach a smart score of 80 at 15 minutes you may stop. If you have not reached 80, you must stay on until you do, or until 20 minutes have elapsed. You do not have to stay on longer than 20 minutes regardless of your smart score—as long as you are doing your best!
