

muse & dynamics wishlist

- I try not to list things that I'm already doing
 - if I do, it's either an accident, i forgot, and/or thought you didn't wanna do it anymore, or some situations where we just haven't done anything for a long time even if we discussed it
- however, I also accept roughly 2-3 versions of a ship with different people, depending, so I may list something I'm already writing one instance of
- update log notes are at the bottom

legend
