Jean-Luc Perrin is graduated from the « École Polytechnique Fédérale de Lausanne » in applied mathematics. His career started as a mathematical teacher in a Geneva secondary school. He was then appointed as a professor in statistics at the Algerian University of Oran. He started his international career as Statistician to the United Nations Economic Commission for Western Asia (1980-1982) in Beirut and then in Baghdad (1982-1985). He joined in 1985 the United Nations Joint Staff Pension Fund Office in Geneva and was transferred to the World Intellectual Property Organization in 1987 where he assumed various responsibilities, such as Director of Personnel, Administrative Director for the Patents Department, Director General Counsellor and Director of Trade Marks and Industrial Designs Department.

Jean-Luc Perrin is rotarian since 1986 in the RC Gex-Divonne (France) nearby Geneva. He has been its President in 1993/1994. At the District level, he has been Assistant District Governor from 2009 to 2011, Governor Counsellor in 2010/2011 and 2016/2017, Secretary of the District Committee on Strategic Development from 2010 to 2013, District International Service Chair from 2017 to 2020 and District Governor in 2020/2021. He is its current delegate to the Counsel of Legislation. He is the founder and Chair of the Action Group for Peace – France since 2021. He has been the Secretary General of the Organization Committee of the Rotary Day at the UN in Geneva: "Peace – Making a Difference", which was held in November 2017 at the Palais des Nations. Since July 2021, he is the Primary Representative to the United Nations and other international organizations in Geneva, appointed by the President of Rotary International.
