SL: What do you think?

Hey,

I found your brand while stumbling upon your "Top 5 teas of 2022" video on youtube,

After seeing that video, I realized how much you put work and dedication into your business and teas, which really impressed me.

So I decided to research your business a little more and brainstorm a few creative ideas that will bring you more customers.

Ideas I've come up with would grow your business and save you more time to find new teas and enjoy them.

If you are interested in my ideas, let me know so we can hop on a quick zoom call to discuss them.

Sounds fair enough?

Antonio
