

KS1 Summer 2 Newsletter

Hello everyone, and welcome back!

We hope you all enjoyed a lovely half-term break filled with sunshine, rest, and plenty of fun. The children have returned with big smiles, new stories and lots of enthusiasm – it's wonderful to see their confidence and independence shining through as we head into the last leg before the summer holidays.

This half term is always a special one. It's a time for celebrating how far the children have come, enjoying outdoor learning and making the most of the lighter, brighter days. We have lots of exciting learning ahead, including new topics and opportunities for the children to show off everything they've achieved this year.

Our English topic this half term sees us exploring persuasion texts. In maths we will be continuing our learning around fractions, telling the time and shape and measure. In Science we will be recapping our knowledge of animals including humans as well as looking at the famous scientist Jane Goodall.

The children will continue to enjoy PE on Thursdays with Erica and will also be turning their hand to some golf! We've got our commando Joes week to look forward to along with our transition day in which we'll cover our final art unit of the year

Thank you for your continued support, from reading at home to helping with homework and cheering the children on. We're looking forward to a joyful, busy and memorable end to the school year.

As always, should you need to speak to me please feel free to catch me on the yard.

Much love Mrs Webster, Miss Styles and Mrs Robinson.
