

This is a document in response to Fries. Fries has broken an agreement that we both understood our own wrongs, and would do better as well as not cause any drama in the future. This will be going over for the final time what has been said, as well as some of the issues Fries has been causing separate from myself. Please note that any mistakes I have made in the past have been handled already. None of what is being said has continued past us “settling” it.

WARNING: Some of this may be triggering for some of you, especially the final bit. There will be a second warning near the end as well. Read at your own discretion. Please as well do not harass any of the individuals involved, hold them accountable sure but for the love of god they are still young.

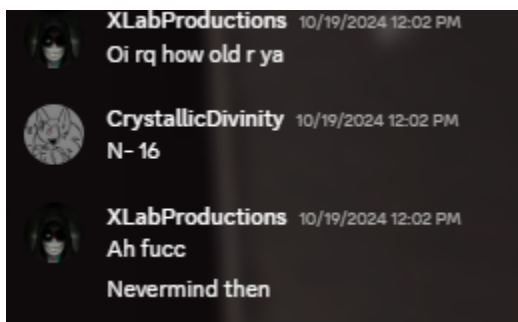

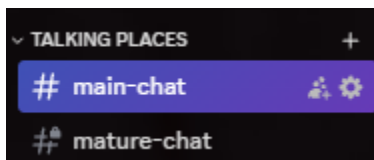

Firstly I'd like to start with this. Fries and I supposedly settled this *months* ago, we both had a DM and agreed to each make a post expressing that we have handled the situation in private and to acknowledge our own mistakes. Hers being the fact that she kept making suggestive or sexual comments directed to or about adults, as well as not apologizing for it and mine being my ignorance in handling “IBeNerdy” who was a creepo I defended due to me making too many excuses for him in an effort to be fair, completely disregarding the bigger picture.

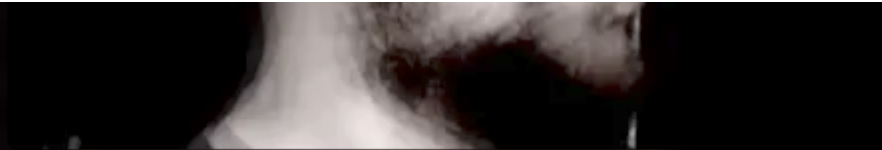

As well as the fact that I was way too open about nsfw topics and interests of mine with friends of mine despite some of them being younger than myself.

Now, I want to preface again, **none of these things are still going on despite their claims otherwise.** I have since blocked Nerdy and have only decided to not make a document exposing everything as one of the victims has told me explicitly not to talk about it. **(as of writing this part, the victim in question was Glitchovsky, now that I no longer have to go along with fries old claim of Glitch not being a weirdo i have no interest in hiding it)**

I have also since been extra weary about the ages of who I talk to regarding nsfw related topics, to the point of making a channel in the server for when I WANT to that **only adults** can access, as well as asking anyone i am not sure of their age to the point where they tell me I already asked multiple times People need an ID just to get in.

Wait oi how old are ye

Yes and id rather be careful then accidently show a minor titties off a guess
I mean it's not really bad it's kinda artistic nudity but still

However, the message Fries had made has been deleted, I don't know why, but I can only assume to avoid her own accountability. Screenshot proof below of her making it, and a [video of me recording our entire DM](#) as well via the blue text.

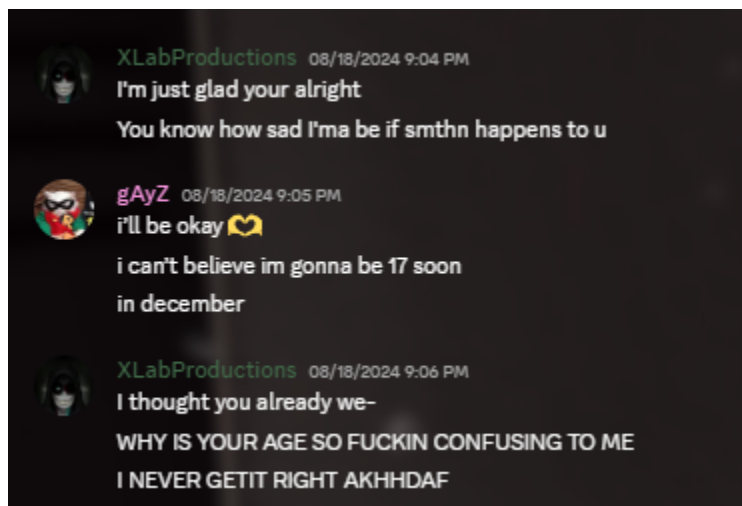

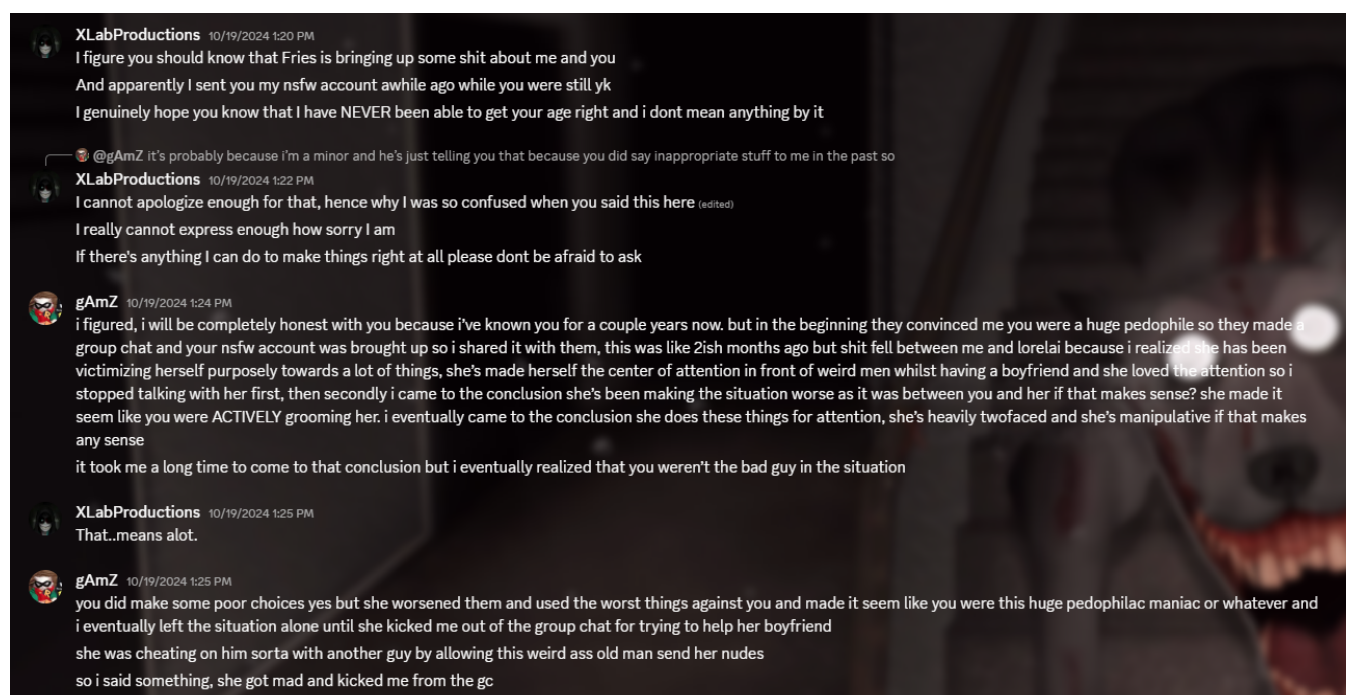

Now, Fries claims I still talk about NSFW topics publicly in my server which, outside of some 11-year old humor like “Jorking my peanits” or something like it, that’s not really the case at least to the level of being problematic. I browsed through all 137 pages of my own messages after our agreement and not a single one is anywhere near the level to warrant an issue. The only time I felt like I did, I

made sure to ask if it was too much or not.

Onto another one of the claims presented. One of the things they are peddling about is regarding me and a friend of mine, Silas otherwise known as gAmZ or gAyZ. They are telling people I sent Silas my priv NSFW alt with an image of myself on it while still being a minor, while this is true ***I didn't KNOW that***. I have messed up their age multiple times, gAyZ themselves are understanding and do not have an issue with what had happened as shown in the screenshots here.

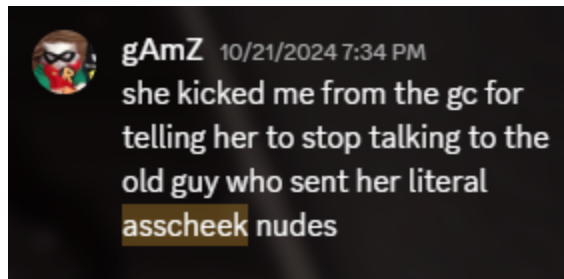

Silas doesn't have an issue with me. They are unbothered by what had happened at least as of now, they didn't even want this to get out because of it. Fries breached her privacy in putting it out there.

NOW I want to go over some of the stuff again that she claimed initially that are NOT true or are twisted.

5. You keep trying to sound like you wanna protect me, you don't. You don't want to protect me. You've never protected me from anyone, if you ever attempted that you've approached it very poorly and just acted out in anger. When someone is being groomed, surprise- they don't know that they're being groomed, thought that was common knowledge but I guess not. I did break up with Oliver, the only one that's actually the groomer fortunately but you never helped me and just immediately started yelling at me for it when I was going through something awful mentally. Yay.

She claims I only tried to protect her with anger, I have only ever gotten angry with her after arguing with her *for hours* to block the people ***grooming*** her, I'm not the only one who has an issue with trying to convince her as she had kicked Silas from a gc because she tried to get Fries to block a grown ass man who sent her ***A PICTURE OF HIS ASS.***

She has also claimed in the past that I was making fun of her for being groomed or whatnot, now I may have said some nasty things, but never with the intention of making fun of her. It was more along the lines of “fuck her then if she dont wanna listen then fine let smthn bad happen to her” which I only say out of *FRUSTRATION* again AFTER HOURS.

6. Glitchovsky the normal kid and “niggle”

Do I really need to go over this? I'm tired of explaining it to people and everyone I've told says it's not weird at all because it ISN'T.

I'll make this quick, glitch is 17, turned 17 this year, and I am turning 15 this year. It's 2007 and 2009 folks; two years.

Now I don't even know what Juneteenth is I'm sorry if it's very important but the specific day someone supposedly said the n word doesn't hold any amount of worth.

He didn't say the n word dude, neither did I. look up niggle right now, it's an actual word that means an annoying person. My point for saying niggle is that it SOUNDS close to the n word right? But it isn't. Just like how glitch said Nick gerr and it SOUNDS like the n word but it's not. You are white you don't have any say in whether or not it's offensive 🙄 he's not fucking racist dawg I shouldn't even need to say this.

Do I even need to explain here? She said “niggle” repeatedly to prove some vague point when I tried explaining to her that Glitch saying “Nick Gurr” is in fact a horrible attempt at racism disguised as humor, intentional or not. It's not like you're taking a video of some character saying it, you actively typed it out yourself in order to say it.

She is correct, I am white. However my step-father isn't. He told me that if someone said either of these things to a black person they are getting their teeth

knocked down their throat even with that phony ass explanation she gave. *Does he not have a say?*

Also the legal adult part. No. No he's not. He is not an adult where he lives.

What age is an adult in Czech?

18 years

According to the Civil Code (Nr. 40/1964 GBl.), minors are persons who have unless reached **18 years**. From then on, a person becomes contractually capable (Exception: The legal capacity depends on the individual health situation. Thereupon, a 18 years old person will not become contractually capable.).

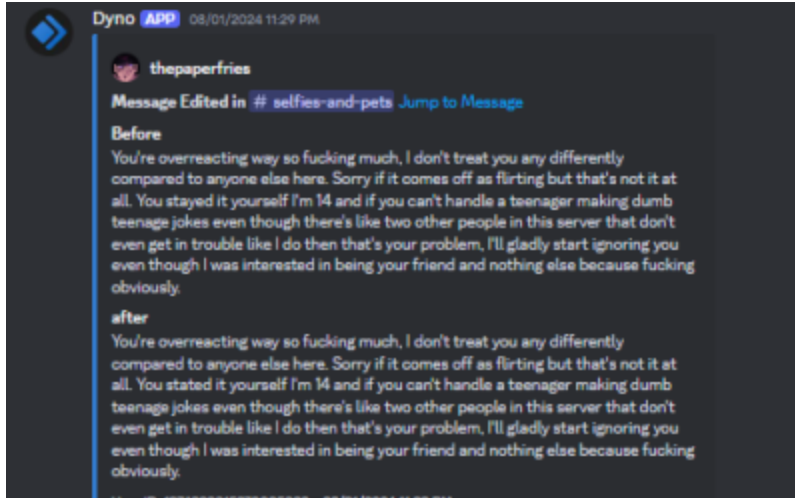

We're allowed to make jokes and like I stated in the callout thread I was making shit up just it make them happy, I know it was a shitty thing to do but I had two guys on my ass trying to get me to say smth and that glitch was a horrible person which I know he isn't. He's like the only one that even cares about me nowadays, I've known him for over a year and I know he would never intentionally harm me and actually sits down to talk about things CALMLY because he knows I panic pretty quickly. He's a good kid, a legal child and if we even ever did date for example it wouldn't be any of your fucking business because its legal both where I live and where he lives while you didn't even MENTION the part about your weird ass kinks or how you wanna be close to middle schoolers like come on man you're focusing on the wrong thing you try to paint me as a weirdo that jokes with adults about dating when you go on rants about fucking hairy sweaty women I don't have time for this bullshit pack your bags and go 🙄

Now firstly I'd like to state that a 17 yr old dating a 14 year old is HELLA weird.

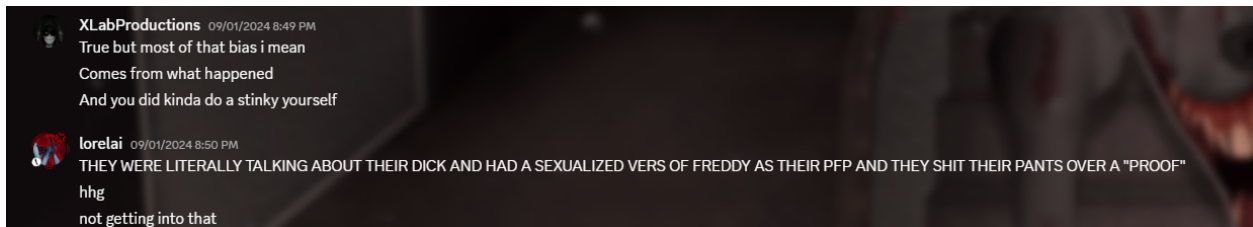

She's right though it is legal. You know what isn't?? HIM SENDING YOU NUDES FOR YOUR ART. Up until recently she swore to everything that it was fine and that he wasn't grooming her but now she's suddenly going on and accepting it and telling everyone otherwise???. SHE took the initiative to tell me that as well as a whole ass group chat dedicated to shitting on Glitch and how much he is a weirdo. SHE THEN BACKTRACKED and said it wasn't the case, and I didn't pressure her either at the time, it's not like I went up to her constantly begging her to send me something or dig for something or threaten her, no. I asked every now and then after finding out that Glitch was stalking Nerdy's account (which at the time I believed Nerdy was innocent) as well as their BF's account. She then told me of her own volition that Glitch was grooming her, then backtracked, then doubled down and said he was again/

Now, let's get into me discussing my kinks, once again as I stated at the start of this document that was WRONG. Fully, 100% without a doubt wrong. I will own up to that, and have since stopped. Only reason I did in the first place was because I thought it was fine to joke around or discuss stuff like that with friends regardless of age, mostly due to my own family being very open with me since *I* was a child. Still. No excuse so I stopped. Hasn't happened since, however, she still defends *her* weird comments towards adults at least to my knowledge, including myself. Her entire argument for them is that it was a joke, minors shouldn't joke sexually with adults just as much as adults shouldn't with minors. Let's take a trip down her "jokes"

She made a comment about a near adult trans woman's body, which made them uncomfortable, to which she argued with constantly when we confronted her on it.

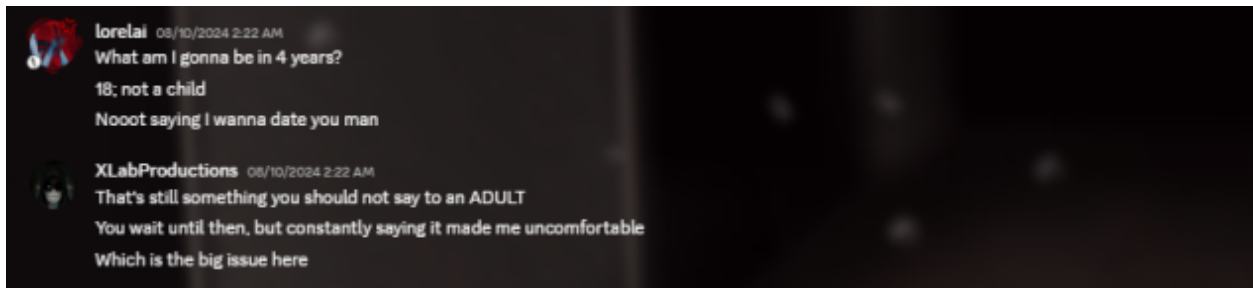

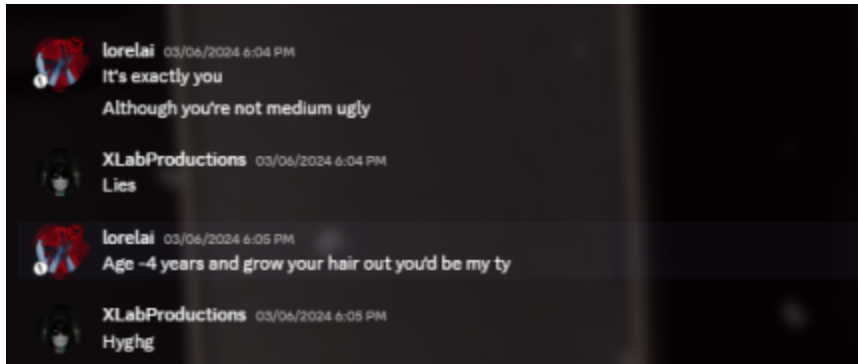

While yes, it is true that she had apologized, after we agreed to stop, she backpedaled and kept calling CB “sensitive” in my dms.

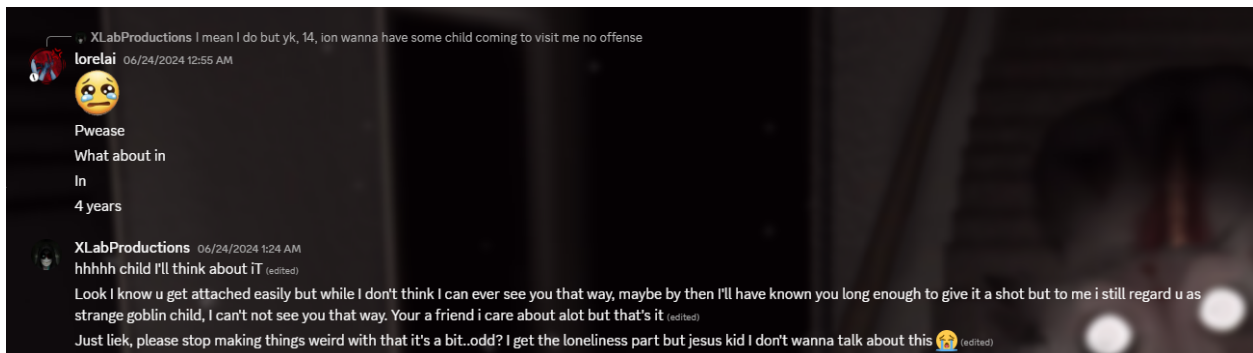

Now, I cannot confirm the dick part as the messages were purged (***Since I didn't want that to be the first thing folks see when opening the channel, and I didn't think you would cause something to get to this point***), however regardless when they told her it made them uncomfortable she should have stopped RIGHT THEN AND THERE instead of arguing for HOURS.

Next let's move onto her jokes about me de-aging by 4 years or her wanting to date me when she become an adult.

HOW DO YOU NOT SEE THE ISSUE HERE FRIES? I DO NOT NEED TO HEAR THIS FROM A CHILD.

The fact that I even had to say this is ASTOUNDING. YOU ARE A CHILD FRIES. Just because YOU are fine with grown ass men soliciting nudes to you, or flirting with adults yourself doesn't mean **IM** fine with it you fuckin creep.

Fries even claims that I wouldn't let her have friends, when in reality I tried stopping Fries from being friends with her GROOMERS and CREEPY ADULTS which she fuckin refused to listen!

Onto the final claim: That I objectify trans people. This is not the case at all, I view everyone the same as a person.

NOW BEFORE I GET INTO WHY I want to warn some of you that what I am about to say is nsfw in topic, if you are young and/or do not want to read that PLEASE look away. I am only including this to explain my side of things, if you wish to proceed, do continue.

The reason she is saying this is because I enjoy a woman with a dick. Now, let me get into WHY. **I DO NOT FIND MEN ATTRACTIVE** outside of VERY specific circumstances I cannot in any way bring myself to find a dude hot. HOWEVER I also REALLY like dick. I want to EXPERIENCE dick. So what's the next best things? Femboys, or a Trans person. I'm not out here going under the accounts of Trans people and sexualizing them or anything out of the blue or for no reason or anything like that, but yes I do find it appealing. Now granted, as they have stated, sure. A strapon works, however a strapon isn't the real thing, it also comes with one little issue.

It doesn't exactly have its own fluids. That's the best part for me. THAT'S my deal, it's not me objectifying Trans folk, I just want to experience dick with someone I can actually view as beautiful or attractive. Sorry that bothers you so much Fries.

ON THAT NOTE. To end this off. I am NOT a pedophile OR a weirdo. I have made mistakes sure, but not with the intention to be predatory in any way. I am not objectifying Trans women, I'm not anything Fries paints me to be. Leave me alone, quit victimizing yourself Fries, take a break from the internet and stop talking to grown ass adults in that way.

If you delete the thread I will gladly take this down as well, this doesn't need to go any further.
