

Your Weekly Color Goal

Explore and Create Performance Tasks

Go for a Blue!

Create, develop, and improve upon your Explore and Create Performance Tasks weekly. Strive for a BLUE Color Goal each week: at least 15 work hours per week

Weekly Color Goals: Hours of Study on your PTs

AP 1: Poor F	AP 2: Fair D	AP 3: Good C	AP 4: Very Good B	AP 5: Ateté A
Red	Purple	Green	Orange	Blue
0-2 hr.	3-6 hr.	7-10 hr.	11-14 hr.	15+ hr.

Starting the week of March 30:

Monday is report day (or Sunday night if you want)

Each week you will report, on Mondays, the color you achieved the past week and the total number of hours you worked on your Explore and Create PTs combined: Monday-Sunday. Create a Schoology text file and write the color and total hours and submit.

You will receive a grade according to the Color Goal table above.

Since there is no written exam, that leaves you with much more time to devote to your PTs.

Both final PTs are due to the College Board May 26.

In addition to your Color Goals, there will be periodic additional assignments to enhance your Arete spirit and your computer skills.

Areté: YOU CAN DO IT
