

## Three Lunch Options for High Schoolers:

1) Homemade Option...pack your own lunch. :) There is a place in the hallway to hang your lunch bag during the day.

2) Order lunch from [Marla's Lunch](#). You may set up ordering lunches however many days of the week you wish. Lunches are delivered each day for the student's lunch time and must be pre-ordered by Thursday of each week for the following week. It is like doordash for schools. Click [HERE](#) for instructions on how to set up ordering lunches from Marla's Lunch. [Ordering start dates for 2024-2025.](#)

3) High School students or parents may utilize Uber Eats or DoorDash or other delivery services to deliver lunches to students. These orders must be scheduled for delivery before lunch time to the front office. No items will be delivered to any classroom outside of lunch time, nor may students receive orders outside of the lunch time. After-school deliveries are permitted for students participating in extracurricular activities.
