## **Elective Standards & Power Standards**

Power standards are standards that have been chosen as a primary focus in a specific class/content area based on 3 criteria:

- Endurance
  - When the standard represents learning that goes beyond one course or grade level and is representative of a concept or skill that is important in life, it has endurance.
- Leverage
  - When the standard represents learning that is applied both within the content area and in other content areas, it has leverage.
- Readiness
  - When the standard represents learning that is essential for success in a new unit, course of study or grade level, it has readiness.
