“Together We Succeed” NEXT STEP...

Fremont Elementary School Playground Grant - We need your input!

Choosing the Equipment

As you may have heard, Fremont Elementary has received a grant from The Colorado Health Foundation in the amount of \$350,000 to make our 2018 Project Based Learning vision a reality! Now it is time to choose playground equipment.

Our FES Student Council members have worked hard to narrow the choices, and now we would like to hear from you. Please take a few moments to fill out the following short surveys. The final equipment choices will be based on the results of this survey. Please keep in mind that all equipment will be blue and yellow so please don't let the color of the pictures influence your decision.

This grant will help us make the vision a reality for our students! Next school year, we will have new inclusive playgrounds for our school campus based on the work that students completed. **WELL DONE BEARS!**

Fremont Elementary would like to extend a big thank you to our Florence community and The Colorado Health Foundation for their support in making all of this possible. We are so very grateful for this opportunity.
