

Praveen Kenneth Chair on Leadership, CHRIST (Deemed to be University)

Staff Program: Monthly Leadership Conversation, **Edition 3 Report**

Date of Session: November 5, 2019 at 4.00 PM to 5:00pm

Venue: Council Room, Ground floor, Central Block, Main Campus.

Speaker's Name: Facilitated by Dr Jothi Kumar Dean & Prof. School of Business and Management

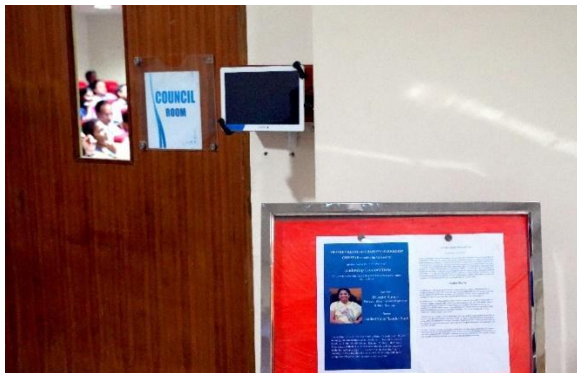

Topic of the Session: Leader-SHIP to Leader -SHIFT

Session Brief: Academic Leadership and decisions emerge out of wheel and deal, negotiations and resolving conflicts. It is essential to model the way, inspire a shared vision, challenge the process, enable others to act and definitely encourage the heart. To lead we have to create a shared vision. We believe in the fact that students need to be intellectually, spiritually and ethically molded to create a better citizen out of them. It is believed that “educating the heart is the heart of education”. Decision making is crucial at the helm of affairs as a leader, and the process of becoming a leader is as much the same as becoming an integrated human being. Leadership is something that should be understood in the context and exercised in a context. It is all about effectiveness and the timeliness of action. Effective leadership is about informative and transformative learning. We need to find ways to maintain a relationship over time, and strengthen the challenges, potential blind spots and also the BIG ASSUMPTIONS

Feedback (Analysis & Action Plan): The impact of the session was that it called the leaders to an alignment in their thinking on ‘Leadership’ and need to understand where to make the leader – shift in how they each lead with relationships, how they challenge one self, and how they will not make any assumptions. Meeting once a month was creating good impact for leaders as they provided them the opportunity to meet other leaders from other campuses, deliberate together on the topic, and explore possibilities of collaborative projects to do when they had tea and snacks

Attendance: 30 leaders attended the session
